HANGCHOW TO BE CHINESE CAPITAL

Plans Made By New Group of Allied Leaders

Present Peking Government Preparing for War

Shanghai, June 19.—Further chaos in the Chinese political situation was indicated to-day by reports of a coalition of leaders headed by Li Yuan Hung, President of the republic, who recently fled from Peking to his home in the British concession at Tientsin, and including Chang Tso Lin, the war lord of Manchuria; Sun Yat Sen, head of the South China "Constitutionalists," and Lu Yung Tsang, military governor of Chekiang province.

The allied leaders, it is said, plan to shift the capital of China from Peking to Hangchow, Province of Chekiang, in order to get away from the "influence" of the party, which is considered entirely "unfavorable."

The coalition is declared to have been formed following recent conferences at Tientsin.

As the result of reports that Chang Tso Lin has ordered mobilization of his Manchurian army, it is said, the present Peking Government is preparing for war. Troop movements of the "Chihli" forces are reported at Machwang and Lwanchow.

BELIEVES POLAR FLIGHT FEASIBLE

Stefansson's Opinion Differs from Decision of Amundsen

Canadian Explorer Says Flying Conditions Favorable

London, June 19.—The news that Capt. Roald Amundsen had abandoned his plan to fly across the North Pole in an aeroplane was of great interest to officials of the British Air Ministry, who had closely followed the preparations of the explorer.

Before the announcement of the abandonment came Colonel Edwards, Deputy Director of Air Transport, told The Morning Post that the Ministry regarded the projected flight as a most extraordinary sporting effort, involving great risks, inasmuch as the 2,000-mile route planned by the explorer was absolutely without landing facilities.

Stefansson's Opinion

Colonel Edwards added that Stefansson, who is now in England, is convinced that a trans-Polar flight is an entirely feasible way of reaching the western side of the American continent, thereby shortening the journey by about 3,000 miles. Stefansson said the popular conception of the North Polar region as an uninhabited area of perpetual cold was entirely erroneous; and that it afforded excellent flying conditions.

KING AT ASCOT RACE MEETING

Juniso Won Ascot Stakes; Putterden Won Gold Vase

London, July 19 (Canadian Press cable).—With Royal carriages bearing King George, Queen Mary and their party, drawn by greys and bays, with outriders, traversing the course to the Royal enclosure, the race meeting at Royal Ascot opened to-day and, despite the cold weather which had prevailed for some time, promises to equal in brilliancy any former meeting.

Ascot Stakes

The Ascot Stakes of £2,000, with extras, run to-day was won by W. H. Singer's Juniso, by junior out of Oaska. Lady Penryn's Donna then was second and Lady Nelson's Mizzenmast third. Sixteen horses ran. The betting was five to one against the winner, hundred to right against Donna and seven to one against Mizzenmast.

Gold Vase

The Gold Vase, valued at £250, with £500 added, was won by W. M. Cazale's Putterden, by The Tetrarch out of Ayrshire. Lord Coventry's Verdict was second and James A. De Rothschild's Baton Rouge was third. Five horses ran. Putterden was noted at hundred to thirty against the winner, seven to one against Baton Rouge and seven to two.

The famous trainer Alec Taylor trained both Juniso and Putterden.

The Gold Cup, the premier race of the meeting, will be run on Thursday, while the Ascot Derby and the Coronation Stakes will be run tomorrow.

WOULD RESTORE GOLD STANDARD IN GREAT BRITAIN

London, June 19.—Strong advocacy of a restoration of the gold standard in Great Britain was voiced by Professor Gustav Cassel, eminent Stockholm economist, lecturing before the London School of Economics last night. He thought the bank rates in Britain, Switzerland and Holland should be raised, because a rise in the value of European currency compared with the dollar was untenable so long as European discounts were proportionately lower than that of the United States.

INDICTMENTS IN BUFFALO AGAINST L. R. STEEL MEN

Buffalo, N. Y., June 19.—Indictments charging violation of the corporation laws were yesterday against six officers and former officers of the bankrupt L. R. Steel Corporation by the County Grand Jury.

RHEUMATISM CURE SAID TO HAVE BEEN FOUND

New York, June 19.—Medicine to-day claimed another victory in the struggle against diseases which for centuries have plagued mankind. Announcement was made by the Medical College of New York University of a cure for rheumatism which it is claimed has proved positive in eighty per cent. of 5,000 cases experimentally handled. The cure consists of injections of serum of a graduated series of streptococcus viridans, which doctors who discovered the treatment declare is acknowledged to be the underlying cause of rheumatism.

Announcement of the cure followed closely the revelation by radiologists of the Bellevue Hospital laboratory of a new treatment of cancer, whereby X-rays of 250,000 voltage are used for long periods of time on cancer infected regions of the body. Miss Anna Elin, first patient thus treated, was reported to-day to be steadily improving.

Series of Cures.

The rheumatism cure is the latest in a series of discoveries of serum and treatments against disease which have hitherto been regarded as incurable. The rheumatism treatment for diabetes, but recently developed, already has been hailed as the conqueror of the disease, while the tripartite treatment for sleeping sickness of the African variety, paresis and other mental diseases has proven to be successful.

TWENTY-THREE RAILWAY DEATHS IN CANADA IN MAY

Ottawa, June 19.—Railway accidents during the month of May, as reported to the Dominion Railway Commission, numbered 135, and caused twenty-three deaths and injuries to 197 persons.

Out of fourteen railway crossing accidents reported, nine were involved in eleven, resulting in three persons killed and ten injured.

WILL NOT JOIN CHURCH UNION

Three Congregations in Montreal Reported to Plan to Continue As at Present

Montreal, June 19.—Three churches of the sixty-six in the Montreal Presbytery will not join the union of denominations approved of by the General Assembly at Port Arthur last week, according to authentic information obtained to-day. These are St. Andrew's, St. Paul's (Knock Crescent) and the First Presbyterian Church. Should these three congregations remain strictly Presbyterian they would retain their property, which is valued at \$45,000. The value of church property in the presbytery is more than \$2,500,000.

NOT TO PUBLISH GUESSING CONTESTS

Criminal Code Amendment Added By Senate Committee

Ottawa, June 19 (Canadian Press).—The Senate committee dealing with the bill to amend the Criminal Code this morning added an amendment to strengthen the prohibition of the publication of the results of football guessing contests. J. T. Shaw, M.P. for West Calgary, who appeared before the committee to suggest the amendment, said the present law was being evaded by certain newspapers. At his suggestion the definition of prohibited matters was widened to include any result, contingency or relating to any contest.

G. F. Henderson, K.C., of Ottawa, appeared on behalf of the Attorney-General of Alberta for reconsideration of clause 7, making acquittals appealable in the case of conflict in the judgments of appeal courts. After some discussion it was decided to let the matter stand over.

WARRANT OUT FOR TREASURER OF TRUST COMPANY

Harrisburg, Pa., June 19.—Discovery of a shortage of \$170,000 in trust funds of the Waynesboro Trust Company, Waynesboro, Pa., was reported to-day by Secretary of Banking Peter G. Cameron. Secretary Cameron announced he had ordered the arrest of Charles H. Coover, treasurer.

WOMAN KILLED TWO DAUGHTERS

Owensboro, Ky., June 19.—After having attacked and seriously wounded her husband, Mrs. Cleveland Daugherty killed her two daughters, three and five years old, with a razor, and drank poison at her home near Glendale, in Breckinridge county, according to reports received here. She will recover.

DELORME TRIAL TO-MORROW IN MONTREAL COURT

Montreal, June 19.—Large cards bearing the words "No Admission" are being printed by order of Sheriff Lemieux, to be affixed to the doors leading to the assize court room where the trial of Adelard Delorme, on a charge of slaying his half-brother, Raoul, will open Wednesday.

PETAINE INJURED AND TWO FRENCH OFFICERS KILLED

Berlin, June 19.—Marshal Petain of France was slightly injured and two officers accompanying him were killed in the wrecking of the Paris-Mayence Express train last Friday, according to the correspondent of The Berlin Tages Zeitung at Frankfurt. Marshal Petain, he adds, was on his way to review a parade which was to have been held in Mayence the next day, but had to be postponed.

300,000-VOLT X-RAYS IN CANCER OPERATION SOON

Philadelphia, June 19.—Within the next two weeks a patient suffering from cancer will be placed under an X-ray of 300,000 voltage, the highest voltage ever used to generate a Roentgen ray. William Wether, Roentgenologist, announced to-day.

EMPIRE DEFENCE PLANS CONSIDERED

Melbourne, June 19.—(Canadian Press Cable via Reuters).—Speaking at the annual dinner of the Melbourne Chamber of Commerce yesterday, Premier Bruce, referring to the question of Empire defence, said he was going to do his utmost to bring about some Empire agreement which would not strangle Australia's future development.

ALASKA RAILROAD WORK COMPLETED

Washington, June 19.—Laying of the last mile of track on the Alaska railroad will be completed this week, permitting immediate through passenger and freight traffic without a change of cars between Seward and Fairbanks.

THROUGH TRAFFIC SOON BETWEEN SEWARD AND FAIRBANKS

Construction of the 470 miles of railroad between the two termini, the Department of the Interior said in an announcement to-day of the completion of the work, will be taken exactly nine years, three months and five days.

COST OF CONSTRUCTION \$84,000 PER MILE

The average cost of construction per mile was said to have been approximately \$84,000.

NORTH DAKOTA BANK ROBBED

Loraine, N. D., June 19.—The Loraine State Bank was robbed of more than \$1,200 in cash and \$5,000 in Liberty Bonds Tuesday of last week. Loraine is about twenty-five miles south of Cassel, Saskatchewan.

ANOTHER CRIME BY INTERNATIONAL BORDER GANG

The robbery was done between 11 o'clock Tuesday night and 3 o'clock Wednesday morning. This fact was established by consulting records of the local police, which indicate that at the last visit of a patrolman at 11 p.m. Tuesday the bank premises were in good order and at the next visit at 3 o'clock Wednesday morning doors were found open, furniture disarranged and the safe door blown off.

TWO BUCKETSHOP MEN IN NEW YORK ARE SENT TO JAIL

New York, June 19.—Edward M. Fuller and W. F. McGee, bucketshop operators, to-day got one year and three months to four years in Sing Sing. Judge Nott imposed sentences in general sessions this morning after Fuller yesterday had sought in vain to trade for immunity secrets he believed to have regarding a ring behind Wall Street's bucketshops.

KILLED IN TRENCH

Saskatoon, June 19.—A verdict of accidental death was returned by a coroner's jury here yesterday in the case of Henry Tyler, a ditching contractor, who was killed in a sewer cave-in last Thursday. At the same time the jury recommended civic servitude of all sewers and ditches. It was found that the excavation in which Tyler was crushed did not measure up to specifications.

FOREST FIRES NEAR TIMMINS, ONTARIO

4,000 People Ready to Depart Quickly If Necessary

Citizens Have Formed Squad to Fight Blaze

North Bay, Ont., June 19.—News that a rising wind is driving the bush fires in the vicinity of Timmins farther in the direction of the town was contained in a message which reached Chairman George Lee of the Temiskaming and Northern Ontario Railway Commission at noon to-day. According to Mr. Lee, all the tank cars in the service of the railway have been ordered to stand by and assist in case of an emergency, while a number of citizens of the town have formed themselves into a fighting squad to combat the fires should they approach within menacing distance of the town. There is no panic, however, although the forest in that district is as dry as tinder and the dust itself is almost burning. The possibility of serious developments is being faced calmly. Every means of escape, however, is being organized should the fire menace the main section of the town. Timmins has a population of about 4,000.

COOL WEATHER IN OLD COUNTRY: GARDENS SUFFER

London, June 19 (Canadian Press cable).—Although it is the middle of June this country has been in the grip of a long spell of cool weather and many British householders gathered around the fire at night as if it were Christmas. Even in the south of England several degrees of frost were reported yesterday.

MANITOBA LACKS SUNDAY LAWS

Few Restrictions Following Ruling By Appeal Court

Winnipeg Public Prosecutor Comments On Situation

Winnipeg, June 19.—Manitoba to-day is practically without restrictive Sunday laws, in the opinion of R. B. Graham, Winnipeg prosecutor, and theatres, public games and stores are legally authorized to operate on that day. This opinion followed a decision by Sir Hugh John Macdonald, the city police court dismissing charges against officials of a Jewish relief society for holding a Sunday bazaar. The relief society was charged, on the strength of the decision of the Manitoba Court of Appeal holding legal the operation of Sunday trains out of Winnipeg to the beach.

400,000 ACRES ARE BURNED OVER

Forest Fire Loss in Quebec Province Millions of Dollars

Great Improvement in Situation Reported To-day

Quebec, June 19.—The forest fire situation in Quebec was reported greatly improved at the Forestry Department this morning. It was announced that the Abitibi district was the only section where new fires had been reported. Generally all other fires were under control.

RAILWAY SHOPMEN IN CANADA WANT NEW WAGE SCHEDULE

Montreal, June 19.—The wage schedule committee of the railway shopmen on Canadian lines, representing Division 4 of the Railway Employees' Department of the American Federation of Labor, is meeting here and discussing the proposals on wages and working conditions to be submitted to the Railway Association of Canada at the forthcoming schedule negotiations.

600 FAMILIES HOMELESS

Ottawa, June 19.—Six hundred families are homeless in the Temiskaming district of Quebec following devastating forest fires, according to Charles Gauthier, Progressive M.P. for the district, who asked in the House of Commons yesterday afternoon that assistance be given.

FIFTY THOUSAND NEGROES HAVE LEFT SOUTH CAROLINA

Clemson College, S.C., June 19.—Fifty thousand negroes have left forty-one counties in South Carolina since November 1, with a consequent abandonment of thousands of farms and crops, according to a survey conducted by the extension service of Clemson College.

P. BURNS MAY BE A SENATOR FROM ALBERTA

Calgary, June 19.—Calgary Liberals are taking steps to urge the Dominion Government to name P. Burns as the next Senator from Alberta. Edmonton has two representatives at the present time.

HEAT WAVE IN UNITED STATES

Seven Deaths in Chicago Attributed to Temperature

People of Central and Eastern States Suffer

Chicago, June 19.—Scant relief was in prospect to-day from the hot weather in many of the southwestern, east central and Gulf states. Official forecasts as a whole predicted generally unsettled weather with little change in temperature.

THREE UNEMPLOYED HARANGUED M. P.'S

Unusual Incident in South African House of Assembly

Men Had Chained Themselves to Gallery Railing

Cape Town, June 19.—(Canadian Press Cable via Reuters).—While Colonel Reitz, Minister of Lands, was replying in the House of Assembly yesterday to questions raised in the debate on the unemployment vote in committee of supply, three representatives of the unemployed of Witwatersrand who had chained themselves to the railing of the public gallery in suffragette fashion proceeded to harangue the Government and demanded work.

SUTHERLAND ORDERS NEW SETTLERS ROADS TO COST \$200,000

Minister of Public Works Returns From Road Inspection Tour

Premier Oliver Making Great Hit All Through Province, He Says

Two hundred thousand dollars will be spent this summer in putting settlers' roads in various parts of the Province into condition to meet the influx of settlers and general rural activity, Hon. W. H. Sutherland, Minister of Public Works, announced this afternoon on his return from a three-week tour of inspection of the Provincial highway system.

SEVERAL WOMEN NOW MESSENGERS IN ANGLICAN CHURCH

London, June 19 (Canadian Press Cable).—The Anglican Church is slowly moving toward definite recognition of the ministry of women.

THEUNYS FORMING NEW MINISTRY NOW IN BELGIUM

Brussels, June 19.—Premier Theunys, whose Ministry resigned last week because of the differences arising over the introduction of the Flemish language in the University of Ghent, expects to present a new Cabinet on Thursday to King Albert, who has asked Theunys to form a new Ministry.

NEGRESS DISMISSED AS COOK ATTACKED EX-EMPLOYER

Chattanooga, Tenn., June 19.—James T. Darwin, sixty-five, farmer and business man, is in a drowsy condition at his home as a result of an assault by the negro cook who was dismissed yesterday because she had been discharged by Darwin. The negro was taken to the hospital and is being held pending the outcome of her victim's condition.

50,000 ARE REPORTED HOMELESS AS RESULT OF ERUPTION OF ETNA

Panic-Stricken People Flee From Vicinity of Volcano in Sicily; At Last Reports Lava Was Few Hundred Yards From Town of Linguaglossa.

Rome, June 19.—The wave of lava from the eruption of Mount Etna is advancing steadily to-day on Linguaglossa, dispartes from Catania state. Lava is flowing across the railway and has reached a point only a few hundred yards from the town. Castiglione also is menaced. The violence of the eruption is increasing.

CHANGES IN STAFF OF HIGH SCHOOL

Board Considers Reduction in Faculty; Start New Teachers' Course

Important changes in the staff of the Victoria High School are under consideration by the city school board now as part of the board's efforts during the last two years to put the school back on an efficient basis after the difficult term of 1921. Under the present plans the staff will be reduced by about half a dozen teachers, it is understood. No definite decision on the matter has been reached yet, but at private meetings during the next two weeks the board will decide exactly what changes should be made in the staff. At present there are 84 pupils in the High School and thirty-two teachers, including the principal.

Preparations are being made by the school authorities now for the inauguration of a new course at the High School next Fall. This course will be for pupils who desire to become teachers and will prepare them for their work in the Normal School. The subjects in the new course will be different to those of the regular curriculum and will include work which teachers must know.

The new teachers' course will be inaugurated in accordance with the decision of the Provincial Department of Education. The exact curriculum has not yet been announced.

30 WILD HORSES TAKEN IN ROUND-UP

Big round-up of wild unbranded and unpermitted horses on the White Lake stock range in the Vernon district, by orders of Grazing Commissioner Mackenzie, acting under the Hon. T. D. Pattullo, Minister of Lands, netted thirty head of feral and unclaimed steeds, it was announced to-day by the Department. Thirteen of the animals have been sold under the Treasury Act. The rest of the number claimed at the sale were released to persons providing evidence of ownership of expenses. Several Indian horses were also released to the owners. Because all these horses were taken up shooting of unclaimed horses as a result of this round-up was not necessary.

C. E. SYMES APPOINTED

Premier Oliver to-day announced the appointment of Cecil Edgar Symes as special auditor in the office of the Surveyor of Taxes for a short time.

J. R. Tannock is to be Government Agent at Fort Fraser, the Premier announced.

OBITUARY RECORD

The funeral of Dorothy Althea Wilson, the nine-year-old daughter of Price D. Wilson, took place yesterday afternoon at 3.30 o'clock from the Sands Funeral Chapel. Relatives and many friends were present. The casket was hidden beneath a profusion of beautiful flowers. The hymn sung was "In the Arms of Jesus." Dr. Daly officiated and the pallbearers were Murray A. Brown, Thomas Brown, Orville Tuval and Robert James. Interment was made at Ross Bay Cemetery.

Service over the remains of Mrs. Sarah Gilman was held yesterday afternoon in the B.C. Funeral Chapel by the Rev. Mr. Chapman in the presence of many friends. The casket was completely covered with beautiful floral tributes. The hymns were, "Abide With Me" and "My God, My Father, While I Stray." The hymn sung was "In the Arms of Jesus." Dr. Daly officiated and the pallbearers were: M. Doyle, J. C. Hill, W. C. Norman, Dawson, T. Wallace and G. Hall. The remains were laid to rest at Ross Bay cemetery.

The remains of the late Alexander Simpson Kesson, who passed away last Tuesday afternoon, were laid to rest in Ross Bay Cemetery yesterday afternoon. The casket, draped with the Union Jack, was conveyed to the cemetery in a gun carriage in charge of Sgt. R. C. W. O'Connell. A firing party from the P.C.C.L.I. in charge of Sgt. Watson fired three volleys over the open grave and the Last Post was sounded. "The Last Post" Service was held at the Thompson Funeral Home, 1625 Quadra Street, at 2.30 o'clock, when the Rev. W. G. Wilson, D.D., of the First Presbyterian Church, officiated. The hymns sung were "Jesus, Lover of My Soul" and "Abide With Me." There were many friends present and a profusion of beautiful floral designs covered the casket. Among those present at the service were: Dawson, representing the S.C.R. O'way Wilkie and members of the provincial police; President Rowlinson and C. F. L. Money, representing the Army and Navy Veterans; Major S. H. O'Connell, representing the Red Cross Workshop; also members of the Canadian Legion and Veterans of France. The following acted as pallbearers: J. G. Mowley and L. C. Toynbee, of the Red Cross Workshop; H. White and J. W. Wallis, of the Canadian Legion, and Gordon Smith, of T. Obee, of the Army and Navy Veterans.

Service was held Saturday afternoon at 2.30 o'clock at the Thompson Funeral Home, 1625 Quadra Street, for Mr. Harry North, who passed away at the family residence, Union Bank Building, at a very early hour Tuesday morning. The Rev. W. J. Sippell, D.D., of the Metropolitan Methodist Church, conducted a very impressive service. The two favorite hymns sung were "Abide With Me" and "Nearer, My God, to Thee." Mrs. S. M. Morton sang "The Christian Soldier" and Mr. Lawton Partington presided at the organ. There was an unusually large attendance of sympathizing friends present, the casket being covered with a profusion of beautiful tributes. Among those present were members of the L.O.O.F., the late Mr. North having been a member of the order in England for many years. The following acted as pallbearers: Messrs. E. R. Richardson, James McElfrink, R. Spicer, R. Pearce, Alex. Moir and Gordon Smith. The remains were laid to rest in Ross Bay cemetery.

The meeting of the Victoria Tuberculosis Veterans' Association, which was also discussed the question of the recent appropriation of \$23,500 for European war and active militia pensions, which was taken up by the House of Commons in committee of supply.

A statement in the press also announced the fact that during the year ending March 31 last, there were 42,262 disabled pensioners and 18,754 dependants in receipt of pensions. It was contended by the meeting that the figures in question were very misleading to the general public, as the statement does not indicate the fact that from the large amount appropriated for pensions, the huge cost of administration is also included, thus reducing the amount payable to pensioners to a great extent.

WILL MEET LADIES

The Esquimalt Council will meet representatives of the several women's organizations of this city at a regular meeting to discuss the question of the projected establishment of a Juvenile Court in the city and district. The Council meeting will be held on Monday, July 9.

MAJOR DIES FROM INJURIES

Inquest To-night On Major Stephenson's Body

Courtenay, June 19.—The inquest on Major Stephenson, of Courtenay, who died by a car driven by Mrs. Doris Cliffe on the Esquimalt Road, and died later at St. Joseph's Hospital, Comox, has been set for to-night at 8 o'clock. According to the report of the accident, Mrs. Cliffe was driving north on the Courtenay Road when she encountered Major Stephenson. She sounded her horn and Major Stephenson left the right-of-way, and then, evidently becoming confused, quickly returned to it. He was knocked down by the car and his skull was fractured.

FARMING PROBLEMS TO BE DISCUSSED

Agricultural Development Group to Meet To-night for Business Purposes

The agricultural development group of the Victoria Chamber of Commerce will meet to-night at 8 o'clock in the reading room of the Chamber in the Arcade Building to discuss business in connection with the outlook of the farmers of the Island. J. A. Griffith will be chairman of the meeting, and it is expected that a representative body of business men and those interested in the subject of the body is to take up will be present.

It is the endeavor of the group, and has been its function in the past, to promote good feeling between the city of Victoria and the farmers of the Island. It is expected that the meeting will be a most successful one, and that the farmers of the Island will be better informed as to the duties of this body to co-operate in the development of the farming population of the Island.

SUTHERLAND ORDERS NEW SETTLERS ROADS

(Continued on page 4.)

"Conditions generally are better than they were in the past, and are good, mining operations are opening up all over the interior to a greater extent than ever before, and the lumbering industry is also a good start for the season. Talking it all in all British Columbia is facing one of the most prosperous years in its history."

During his tour Dr. Sutherland several times crossed the trail of Hon. John Oliver, Premier of the Province, who has been making a series of visits to various centres to a good start for the season. Talking it all in all British Columbia is facing one of the most prosperous years in its history."

Premier is Making a Hit
"The Premier is making a hit all along the line," said Dr. Sutherland. "The people in the various centres already appreciate what this reduced rate means, as in the railroad centres this year the wheat, which came through after his party, was the junior men steadily employed in their own home towns, without forcing them to drop back to lower grades and move to other points. With the greatly increased flow of grain to the Pacific this condition will become even more stabilized from now on, and the towns all through the interior are already feeling the result."

Leaving Victoria three weeks ago last Sunday Dr. Sutherland and his party went to Portland to study road conditions and to visit the city and Oregon and to get in touch with the highway experts of that state. They then went to Seattle and from there to Portland and through the Pacific coast to the new Rosedale-Cascade road, which was finished last Fall. Crews are still at work surfacing this road, and it is expected to have it in excellent shape this summer.

From Fernie the party went to Golden and from the latter place to Revelstoke and Salmon Arm, and then down the Okanagan Valley to Kamloops and Merritt.

"From Merritt to Spences Bridge and Ashcroft, and then to Lillooet and Lytton is the most scenic road of the province," said Dr. Sutherland. "It is a road that will bring hundreds of tourists to the province and the Ashcroft to Lillooet trail by way of Marble Canyon cannot be duplicated anywhere else in the continent. It is no place for an amateur driver, as you are from 200 to 300 feet in the air, but the drive is one of the most beautiful in the world when it is known to tourists."

As soon as he has caught up with work in his office the minister will leave on an inspection trip for the North. He hopes to get into the Peace River district by September, and will then have completed a personal survey of the province from a road building and roads need point of view.

THREE CAUCASUS MEN WHO INVADED CONVENT KILLED

Riga, June 19.—Reports received here from Caucasus say a number of Communist forces crossed an entrance into a convent at Kutais, defiled the shrines and insulted and murdered the nuns.

One of the band was found dead in the streets of Kutais, having been killed by unknown persons.

FRASER DELTA MAPPED

The Geological Survey has just published a geographical map of the area extending from the north shore of Burrard Inlet south to the International boundary and from the Strait of Georgia east as far as Port Haney and Fort Langley. The map is published on a scale of one mile to one inch, and in addition to showing the great variety of the different elevations, rock formations, the elevations of the terrain. The Director, Geological Survey, Ottawa, or at 510 Pacific Building, Vancouver, has the supply of maps.

HARVESTERS PAID ABOVE GUARANTEE. TRANSVAAL LEARNS

Labor Report To-day Tells How Farmers Write Asking B. C. Men to Return

Employment Service Here Protecting Workers

Arrangements by which Employment Service officials of the Provinces of Alberta and Saskatchewan agreed to take all available experienced farm laborers for seeding and ploughing, workers from British Columbia being found employment at a wage guaranteed by the British Service of the Province to which they were sent, and how a reduced rate of travel was obtained for harvest workers. It was reported to-day by the Hon. A. M. Manson, Attorney General and Minister of Labor, by J. H. McVety, Superintendent of Labor Bureau.

During last year these arrangements were renewed, and although the number of workers sent to the Prairie provinces was somewhat smaller, the service was able to place these men greatly assisted in relieving the unemployment problem in this Province, Mr. McVety said.

The Employment Service movement was the presentation by 1,044 men of letters from the employers for whom they had worked during the previous year, asking them to re-employment, showing that the most desirable condition of having both employers and workmen satisfied was obtained through the care used in the selection of the men in the first instance, he went on.

"If the absence of complaints can be accepted as conclusive, the men who went to the Prairies during 1921 and 1922 received all that they were promised, and hundreds received very much higher wages than the amount guaranteed by the Employment Service," the report goes on. "In the cases of a few who had not been able to collect their wages before leaving, the committee had been able to obtain on receipt of the details. The whole movement appears to have met with the approval of all parties concerned."

Protected From Aliens.

The arrangement between the Employment Service and the Department of Immigration, whereby aliens are prevented from entering British Columbia, has been continued, and has worked most satisfactorily.

Many applications for permission to import aliens have been refused, and aliens illegally in Canada have been deported and the vacancies, or positions, in which they were employed have been filled by citizens of the Dominion.

"In many instances, however, it has been found impossible to secure help from the Prairies in certain positions where technical or highly specialized knowledge was required, and in such cases permission has been granted to certain aliens in order to keep the industries operating."

"Although it is unlawful to receive compensation for directing workmen to employment, a number of individual employers and groups still continue to patronize private offices in the City of Vancouver, which offices are engaged in the same work exclusively to supplying labor for the logging and lumbering companies operating in the Coast area. Gradually, however, employers are coming to realize that the employment service is unnecessary, and that a better service can be secured by the offices of the Employment Service of Canada with sixteen branches in the Province of British Columbia and eighty in the Dominion of Canada, all of which are available to the employer if the necessity arises."

"With brighter prospects for the coming year, it is anticipated that the Employment Service should further increase its usefulness to the citizens of the Province, thereby reducing the economic waste which exists in the use of private agencies in the Province as a whole, and workmen in other districts are in need of employment."

JAPANESE WELCOME CONSUL ON ARRIVAL

Vancouver, June 19.—Japanese citizens of Vancouver welcomed a welcome to I. Gomyo, the new Japanese Consul, who arrived from the Orient on the Iyo Maru. He took over his office yesterday and was busy for several hours receiving his guests.

Mr. Gomyo entered the consular office of his country at Singapore and five years ago was a member of the Japanese consular staff at Portland. Since that time he has been attached to the commercial department of the Japanese consulate in Tokyo.

"When my friends learned that I was coming to Vancouver, they remarked that I had become a lumberman," he said. "That will give you an idea of how famous British Columbia lumber is in Japan. The word Vancouver is synonymous with lumber in my country."

"You have no idea of the tremendous export trade you are developing with Japan," he said. "Our figures show that the lumber exported from British Columbia last year was three times greater than the year before. This year it will expand still more and there are great possibilities."

Then, too, Japan is making extensive imports of flour, wheat, flax and other commodities from Vancouver, and I look for greater development. All conditions are ripe for a great interchange of trade with the Orient.

"I want you to tell the people of British Columbia," said Mr. Gomyo, "that I intend to keep an open office in this office. I invite all citizens to come freely for the development of trade."

The new Japanese consul is a man 40 years of age, but of a slight stature and has the appearance of a man of 25. Mr. Gomyo will remain in Tokyo till September before joining his husband here.

TENNIS STARS TO TAKE IN TOURNAMENTS

California tennis stars who will leave San Francisco next month to take part in Oregon, Washington and British Columbia tournaments

OPPOSES U. S. SHARE IN WORLD COURT

Former Senator Beveridge Speaks in Boston

Boston, June 19.—Former Senator Albert J. Beveridge of Indiana, addressing the Bunker Hill Day banquet of the general officers, Sons of the Revolution, expressed the opinion that the United States should not be a part of the League of Nations, and that the League of Nations should be replaced by a more effective international court.

As a matter of fact, he declared, nearly every point "must and would have been decided against the colonies, and even as a matter of equity we would have been in the wrong on important issues. For instance, the British Government having defended the colonies against the French, it was only fair that the colonies should bear their part of the expense."

"If anybody denies that an international court must and would have been decided against us in the beginning, can anybody doubt that such a tribunal, or any form of peace league, must and would have decided us to be in the wrong when we scorned the British advances in 1778?" Mr. Beveridge asked.

"If the founding of a separate and independent nation was really the end result of the war, after 1778 the British had solid ground for their bitter denunciation of Washington and the American patriots for continuing the war. Any international court must and would have decided against us, and if any association of nations for the maintenance of peace had then existed, it would have been bound to support the British and suppress the Americans."

"To-day all the ancient international devices that have been tried are once more put forward as though they were something new."

"To Maintain Status Quo
"Without discussing the merits of the age-old plans, the basic fact may be pointed out that every one of them has its purpose and, if successful, its admitted effect, the maintenance of the status quo of the world."

"So in passing upon any or all of these schemes, let us have clearly in mind that the simple issue is whether the United States wishes to pledge itself to help keep all European and Asiatic boundaries as they are."

"Warning against foreign propaganda, which he described as the greatest danger of the United States, Mr. Beveridge said:

"It operates through society, the pulpit, the stage, the screen, the platform, and some of the most insidious propaganda has been invaded."

VOLUNTARY WHEAT POOL'S SCHEME

Winnipeg, June 19.—(Canadian Press).—With hope virtually abandoned for the establishment of a Wheat Board this year, the premiers of Saskatchewan and Alberta, along with the heads of the Farmers' organizations of the three prairie provinces were reported to-day to have turned their eyes to a voluntary wheat board scheme as a means of marketing the farmers' grain, states The Free Press this afternoon. The Free Press states:

"Establishment of a voluntary pool is Premier Charles Dunning's idea. It is a well known fact that it has not been exceptionally friendly to the compulsory wheat marketing scheme, and rather than force the farmers of the province to oppose to the scheme, to participate in it, he is urging the voluntary board."

Negotiations between the Western Farmers' organizations have been carried on over the week, but both Hon. Mr. Dunning and Premier Herbert Greenfield, of Alberta, have refused to issue any statement to-day. The only comment which Mr. Greenfield wished to make was that if a Wheat Board was formed this year the personnel should be definitely decided upon within the next ten days.

COMMUNITY BALL

Something unique in dance music is promised for the big community ball to be held in the hall next Friday evening. A large band of select musicians will be stationed at one end of the spacious dance floor while at the other end will be placed an equally large orchestra. With this system the waits between dances will be greatly shortened. A first class caterer has been engaged.

BROKER SUSPENDED BY THE NEW YORK CURB MARKET

New York, June 19.—A. W. Coote was to-day suspended from membership in the New York Curb market following the appointment of a receiver for the stock brokerage firm of A. W. Coote & Company, whose headquarters were in San Francisco.

PLESTINA DOWNS ITALIAN

Chicago, June 19.—Martin Plestina, of Chicago, defeated Calza, Italian wrestling champion, in Boston, 15 minutes of wrestling here last night.

Charles Cutler, of Chicago, defeated Ivan Petross, of New York, in two straight falls.

The Food and Drug Division of the Department of Health has issued a circular letter regarding the sale of drugs not true to label. The object is to give a warning to every pharmacist, after familiarizing himself with the Food and Drug Act and the regulations passed by Order-in-Council, to inspect carefully his stock, and instruct the staff.

BANK BILLS BEING DEBATED

Measure Now Before House of Commons

Bank Charters to Be Extended Ten Years

Ottawa, June 19.—The Bank Bill is under discussion in the Commons. When the measure, which has been reported by the Banking and Commerce Committee, after some months of consideration, was called in the House yesterday afternoon, the first four sections passed without discussion, but on Clause Five, Alfred Speakman, Progressive, Red Deer, Alberta, moved an amendment to provide that the bank charters should be extended for one year only instead of ten years as in the bill. After discussion the ten-year clause was adopted. The Progressive amendment having been defeated on a vote of 65 to 27. The Progressives presented solidly in favor of the amendment.

Mr. Speakman declared he was not speaking for purposes of obstruction, but in what he thought to be the best interests of the country. It had become evident, he said, that the present banking system did not meet the requirements of the various industries of the country, especially agriculture, itself the most important. Evidence had made it clear that the banks were not able to carry on as they were doing, and if necessary for three years, for current loans.

Declaring he spoke for the farmers, Mr. Speakman said they did not advocate departure from stable system of banking. But they did look for some remedial suggestion and had received none.

How about bran? Is it a food?

Bran is the outer coat of the wheat grain. It is not present in white flour, or even in whole wheat flour. It is woody fibre. It is found in celery, spinach, lettuce and other vegetables. It is not digestible, hence is not a food. It supplies the "roughage" that is needed to stimulate bowel movement and keep the intestinal canal clean and healthy. All the bran of the whole wheat is in **SHREDDED WHEAT**. You need a certain amount of bran in your food every day, but you don't need any more than you find in Shredded Wheat Biscuit. Two of these crisp, tasty, oven-baked whole wheat biscuits with milk make a complete, nourishing, satisfying meal, supplying all the nutriment you need and all the bran you need. It is ready-cooked, ready-to-eat.

Eat more whole wheat

PLANES ADDED TO CANADIAN SERVICE

Flying Boats to Make Montreal-Winnipeg Trip

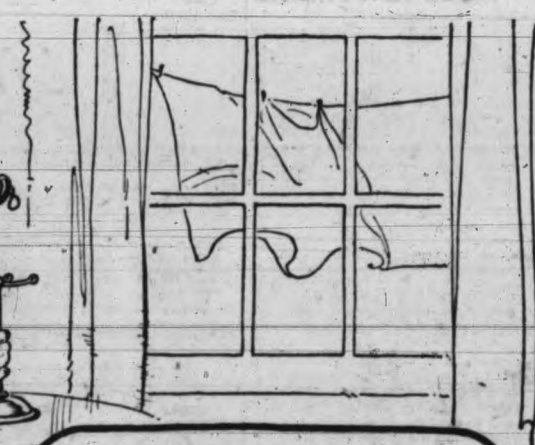

Ottawa, June 19.—The first two of the amphibian flying boats, which the Government has ordered for the use of the forestry patrol will, it is expected at the Air Board offices, be flown to Winnipeg during the present week. The first of the machines has already reached Ottawa, and the second is scheduled to arrive this week. They will be used in aerial survey work in Northern Manitoba.

The Government ordered eight craft of this type for the forest surveys from the Canadian Vickers, Ltd., of Montreal. They are constructed for five passengers and can carry gasoline for six hours' cruising at ninety miles an hour. The maximum speed is about 110 miles. The highest working altitude is 12,600 feet.

The remainder of the machines will be delivered during the summer and will be distributed, three more to the Manitoba area, one to Vancouver, one to Halifax and one to Ottawa.

C. N. R. EARNINGS SHOW INCREASE

Montreal, June 19.—The gross earnings of the Canadian National Railways for the week ended June 14, 1923, were \$4,789,103, an increase of \$647,490, or sixteen per cent., as compared with the corresponding week of 1922.

**Yes Betty
I can meet you at 10 o'clock!**

"Since I started using Sunlight Soap I find I can get my clothes beautifully washed with my washing machine in fifteen or twenty minutes. Isn't that wonderful? And my clothes are such a beautiful color too."

How do I use Sunlight? I pare half a cake or so of Sunlight in very thin slices, into the hot water in the washing machine, stir it up into a lovely rich lather, then pop in the clothes, and let Sunlight and the machine do the work! Then the rinsing—and the clothes line. Really Betty—washing clothes with Sunlight is good fun—it's all over in less than an hour."

Sunlight's unusual value comes from the skilful blend of pure, rich coconut and palm oils. These are the best soap making ingredients that the world produces.

The purest laundry soap in Canada—Sunlight

McNIVEN TELLS HOW B. C. HAS BEEN FIGHTING UNEMPLOYMENT PROBLEM

In his general report to-day to Attorney-General Manson upon the labor situation in British Columbia during the last year, J. D. McNiven, Deputy Minister of Labor, states that conditions for the last year, while still depressed, have been a distinct improvement upon those of 1921.

This improvement has been maintained, and at the beginning of 1923 the business weather chart was pointing very definitely towards a revival.

"In the last year under review, however, our leading industries were still somewhat under a cloud, and in the circumstances the unemployment problem could not but be with us for the greater part of the year."

"The record of the Department of Labor for the last year is therefore in the main, a story of efforts which were put forward to deal with one phase or another of this situation."

"The report details the measures taken in dealing with unemployment and speaks of the co-operation, in the early part of the year especially, of the Dominion Government, the Provincial Government, and the local authorities, each paying its quota for the purpose of giving relief or providing work for the unemployed."

"It may be mentioned that payments for unemployed relief and assistance were proportionately heavier in this Province than in most of the other Provinces of the Dominion, and recent discussions have brought out some rather sharp differences of opinion as to the proper method of approaching the unemployed question," Mr. McNiven said.

"The older provinces in the East are inclined to look askance at public expenditure under this head. In older communities and under more long-established social systems, private charity plays a larger part than public aid in helping the distressed. Consequently, while they had their own unemployed situation on their hands, many of the Provincial Governments and cities in the East did not choose to make payments on their own account which would qualify them to receive the contribution offered by the Dominion Government. This probably explains a disposition which was shown on their part to be critical of expenditure which the Dominion Government sanctioned for aid to the unemployed in the Western Provinces."

"Doses Readily Condemned
"Another matter which developed differences of opinion was the policy of giving 'doses' that is, paying out money in relief to persons who are not expected to give any return in the way of work. This policy, after being tried for two years in this Province, met with all-round condemnation, and it was agreed that it should be stopped, and that the recipients of Government assistance should be required to perform some useful work if they received it. In British Columbia, it is quite feasible to insist upon this condition. Practically all the work available for the unemployed is outdoor labor, and in the coast region such work need never be suspended for more than four or six weeks during the winter season; so the condition that work must be done in exchange for assistance given presents no special difficulty."

"But in the Prairie Provinces, and in the interior of our own Province, outdoor work in mid-winter is plainly impossible, and if the people there are to receive any assistance at all it can apparently be given in no other way than that of the much-debated 'doses.'"

"We can therefore see that, for one reason or another, an Unemployment Relief Scheme which would be very well suited to conditions in the coast area of our own Province, would not be acceptable to other parts of the Dominion."

"Industry More Active
"These differences were brought out in the discussion at the conference attended by representatives of the Dominion and Provincial Governments, held in Ottawa. There was, however, general agreement that the worst period of unemployment had been passed, and that the winter of 1922-23 was not likely to witness such a serious situation as the two previous winters."

"So far as the Province was concerned, this horizon was borned out by events, as our leading industries were more active in providing employment during the closing months of the year than they had been in the corresponding periods of other recent years."

"This appealed to the Ottawa conference as a favorable time to recede somewhat from the position that had been taken up in previous years, and a change of attitude is apparent in the decisions of the Conference, which were set forth in a series of resolutions."

"One of the latter, while condemning the policy of giving doses as harmful, admitted the possibility of giving them as a last resort after other ways of treating the unemployment problem had failed. In point of fact, the necessity for the Government to take this course did not arise. With the industries of the Province absorbing a larger amount of labor, the ordinary channels for giving relief to necessitous cases did not require, up to the end of the year, to be supplemented by Government aid."

"Moreover, the Dominion Government, after a survey of conditions throughout the country, announced that the emergency relief measures of the two previous winters would be re-introduced, and that the municipal authorities would have to take care of their unemployed, with such assistance as they could procure from their Provincial Governments."

"Many jobs have been found in the clearing of land at Point Grey, where 500 men were employed for two months. Schemes on a smaller scale were set on foot in order to assist the unemployed of Victoria and surrounding municipalities, work being done on the roads in the district. In other parts of the Province the Government found it necessary to render some slight assistance along similar lines."

"It may be that we have not yet heard the last of the controversy as to how far the responsibility for providing for unemployment rests with the Dominion and how far with the Provincial Government. The causes of unemployment very often are

NO OPERATION FOR HER

She Took Lydia E. Pinkham's Vegetable Compound and Escaped the Operation Doctor Advised

Louisville, Ky.—"I wish to thank you for what your medicine has done for me. I was in bed for eight or nine days every month and had a great deal of pain. The doctor said my only relief was an operation. I read of Lydia E. Pinkham's medicine and tried the Vegetable Compound and the Sanative Wash, and they surely did wonders for me. I feel fine all the time now, also am picking up in weight. I will tell any one that your medicines are wonderful, and you may publish my letter if you wish."

—Mrs. Ed. BOEHLEN, 1180 Ash St., Louisville, Ky.

Backache, nervousness, painful times, irregularity, tired and run-down feelings, are symptoms of female troubles. Lydia E. Pinkham's Vegetable Compound should be taken whenever there is reason to fear such troubles. It contains nothing that can injure, and tends to tone up and strengthen the organs concerned, so that they may work in a healthy, normal manner. Let us tell you it has thousands of others. It is now selling almost all over the world.

PRAIRIE FARMERS ARE OPTIMISTIC

Crops Continue to Show Favorable Development

Excellent Growing Conditions in British Columbia

Winnipeg, June 19.—(Canadian Press)—Weather in the three prairie provinces during the last week has been warm, the temperatures ranging between 75 and 85 degrees, according to the weekly crop report issued to-day by the agricultural department of the Canadian Pacific Railway.

Crops continue to show favorable development and farmers generally are optimistic. Rain has fallen heavily on large areas in each province. Grain crops apparently escaped serious injury from the cyclonic winds over the week-end and will benefit greatly by the rain which followed.

Manitoba has had a favorable weather for the fast growing crops, which are in the best of condition and decidedly promising.

Growing Rapidly.
Vegetation in Alberta is making rapid growth in Saskatchewan and prospects are bright for good crops. Excellent crop conditions are prevalent in Alberta. Grain is thick and sturdy and of good color. Spring grain was not far enough along to be hurt and the recent rains improved it greatly.

Satisfactory moisture conditions are assured for some time to come on the E. D. & B. C. Railway, there having been good rains during the last week. Crops are looking well and growing rapidly. Wheat is from eight to ten inches high.

British Columbia.
Ideal growing conditions have prevailed in British Columbia. All crops except cherries and onions are doing well. Wet weather has affected the cherries in some districts, while maggots are damaging onions. Apples are expected to be fifteen per cent. to twenty per cent. over 1922.

URGE CONTROL OF OCEAN RATES

Recommendations Made By Commons Committee On Agricultural Conditions

Ottawa, June 19.—That action is desirable towards controlling shipping rings or conferences and that this should be a subject for consideration at the forthcoming Imperial Conference, is recommended in the fifth interim report of the special committee, which inquired into agricultural conditions, tabled in the House of Commons yesterday afternoon.

The report concerns itself with ocean freight rates. It is suggested that the Canadian representatives in attendance at the next meeting of the International Institute of Agriculture, should be asked to see that the matter is thoroughly discussed in order to discover whether an international system of control is feasible.

Investigations.
In view of the fact that much of the shipping to Canadian ports is British, the desirability of concurrent action by the British authorities is suggested. Maritime the report recommends that the Government, through the Department of Trade and Commerce, should entertain complaints from shippers of unfair treatment by ocean carriers, and hold investigations into such complaints.

The opinion is given that such investigations would tend to deter the establishment of unfair rates and also encourage steamship lines which had unwillingly joined the conference to break away and adopt rates of their own.

It is also recommended that a certain number of the ships of the Canadian Government Merchant Marine be operated in connection with the National Railway lines, and freight rates on such ships be set at the cost of carrying, plus a reasonable profit, based upon the present value of the ships. It is contended that the Canadian people would thus be able to secure transportation facilities at reasonable and known rates. It could also be determined by this means whether rates charged by other lines are fair and reasonable.

Suitable Ships.
If it should appear, the report con-

PRESSING FIGHT AGAINST CANCER

Medical Associations to Hold Public Meeting in San Francisco

New York, June 19.—Following important developments in the fight against cancer and the attempt to find its cause, reported recently from various American centres of medical research, announcement was made to-day of a public cancer meeting in San Francisco, June 24 when it is expected more progress in anti-cancer work may be revealed.

The use of X-ray over long periods as demonstrated by the Bellevue Hospital laboratories recently, will be discussed at the meeting, which will be under the auspices of the Medical Association, the California State Medical Society and the American Society for the Control of Cancer. Increased cancer mortality and means of social control of the disease will be discussed.

WAR VETERAN FOUND MOTHER AFTER SEARCH

Santa Barbara, Cal., June 19.—James A. Moore, a Canadian veteran who was wounded three times in France, captured and reported officially killed in battle, was reunited yesterday with his mother, who long had mourned him. Moore said

his letters from the German prison camp miscarried and that he had spent several years trying to trace his mother, who had moved here from Canada some years ago. A civic organization, the aid of which Moore enlisted, found the mother here and notified Moore.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with the corn. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without surgery or irritation.

STRIKING DEVELOPMENT.

It is not long since vessels of five thousand or six thousand tons which covered the distance between the Canadian and American Northern Pacific ports and Japan in twelve days and upwards were described in the press as large and speedy. The evolution of trans-Pacific transportation in the last twenty years has been so impressive as to command world-wide attention. The C. P. R. Empress liners and the fine new big ships of the Admiral Oriental Steamship line which now call at this port are larger and more commodious than the majority of the vessels traversing the Atlantic two decades ago, although the amount of business available on that ocean was much greater than it is now on the Pacific. But the heads of the big transportation companies are looking to the future. They foresee the day when the star of maritime commercial supremacy will pass from the Atlantic to the Pacific around which dwell almost one-half of the human race. They are anticipating the time when the commercial expansion of Cathay will redress the adverse balance consequent upon the decline of continental Europe. Hence these splendid vessels. All this is to the good of our northern Pacific ports generally and particularly to the port of Victoria, the first and last point of call of the most important companies operating from this Province and Puget Sound.

WHAT THE LEAGUE MEANS.

People who object to the League of Nations or look upon it as an organization in which there is no need for them to take an interest should note well the words of Sir Robert Borden at the annual meeting of the League of Nations Society in Ottawa yesterday. He pointed out that business men should realize that the League is the only existing agency to prevent increased taxation and commercial confusion.

This is the way to look at it. The popular attitude towards matters of this kind is very much like that of the lady at the tea party who casts her eye over the front page of her newspaper and says there is nothing in it. She never stops to think that the size of her grocery bill and other little economic considerations are directly related to the reparations question and matters of international obligation.

The League of Nations and the world situation should be part and parcel of the daily topics of the humblest Canadian citizen and should be understood in their more vital aspects by at least every adult person. Half the cause of war and its attendant horror and commercial dislocation can be traced to the indifference of the people as a whole. This very neighborhood has an honor roll that makes it feel proud of its contribution towards removing the menace of Prussianism. Knowing this one would think that it would prefer to round off its gigantic sacrifice by taking its part in promoting a sentiment for the virtual "conscription" of peace.

Until every town and hamlet moves along this simple way, until every man and woman, every young man and young woman, gets behind the League of Nations its usefulness to humanity as a whole will be commensurately circumscribed.

A GREAT DISAPPOINTMENT.

It will have been a great disappointment to Captain Amundsen to have to give up the idea of flying over the "top of the world" for the time being. Upon this great adventure he had built much and an interested world had been looking forward to what would have been one of the most courageous adventures ever undertaken in the cause of Arctic exploration. But it would have been foolhardy to have taken risks that the trial flight so glaringly exposed.

Some day it may not be necessary to make months of preparations and don the attire of a polar bear to reach the North Pole. One hundred years from now, or perhaps a good deal earlier, aerial navigators will have charted an air route that will rid the journey of most of its terrors and the Arctic circle may be yielding up its treasures just as vast tracts in this Dominion have disgorged wealth undreamed of a century back. Before these dreams come true the silence of the great unknown will be periodically broken by men of the Amundsen type.

THE PREMIER AND THE DOUKHOBORS.

If Premier Oliver has satisfied himself that the continued disregard for the laws of this Province in the Nelson and Grand Forks areas may be traced to the work of a few members of the radical element among the Doukhobors it naturally follows that drastic action in its general application should not be hastily taken. His conversation with the younger Veregin would seem to imply that the more industrious and moderate members of the section are not a little disturbed themselves over the extraordinary practices which the minority apparently employs from time to time.

On the other hand, if Veregin's remarks to Mr. Oliver, that there "were bad Doukhobors just as there were bad people of any other race," are meant to imply that the peaceful members of the

community realize the necessity for adequate punishment for the erring ones, there is nothing to prevent the law being enforced without fear or favor—without causing any serious dislocation through such organized protests as are not uncommon among peoples with a more or less fanatical strain. In any case Mr. Oliver will find general support for his contention that "no section of the Province's population is going to be privileged to the extent that it may openly flout the laws of the country."

And it can be further emphasized—recognizing the fact that the Doukhobors are thrifty and industrious and excellent farmers—that British Columbia's demand for population and more farmers is only poorly satisfied if the first principles of Canadian citizenship shall be ignored and openly defied by even an inconsiderable section of the people. Most reasonable folk will argue that the lawbreaker, be he native son or imported fanatic, is a costly and irritating nuisance and can be done without.

THE ONLY WAY.

British Columbia's game is a very important asset of the people of this Province by reason of the place it occupies in the sporting life of the favored region. For that reason alone there is a good deal to be said in favor of any new policy of game protection and preservation that shall be thoroughly effective in all its details.

It always was our contention that it is impossible for a provincial policeman to attend to his own important duties and give an efficient oversight to game protection. In the first place it is obvious that the man employed as a well qualified law officer could hardly be expected to have anything more than a superficial knowledge of the duties of a department where something akin to special and even unique training is required. In some cases, of course, there are men well qualified to fill the dual role, men whose police duties are less exacting than others and whose territory might lend itself more readily to the double job. If game preservation and game protection simply meant the detection of ordinary infractions of the game laws the task of the provincial policeman would not be increased; but it is a great deal more important than that. In the second place an efficient warden of our furry and feathery possessions must have more than a nodding acquaintance with the habits and haunts of game. And his superior officer should be an expert in all matters pertaining thereto.

We take it therefore that the Game Board now intends to divorce itself from the Provincial Police and look upon its duties as primary and not secondary or subsidiary as they really appear to be under the present system. If that is the general principle underlying the policy outlined by the Chairman of the Board yesterday there is everything to commend it. Its intention to enrol the field men of the Department of Lands for service as honorary auxiliaries is a good move in itself.

NOTE AND COMMENT

Courts of revision are not supposed to operate with the strict technical formality of courts of law. Their business should be to see that no injustice is done in assessing people for taxes, and to do this properly they should give petitioners and witnesses the fullest facilities for stating their cases and supplying information. The more informal an inquiry is the greater the assurance that everybody concerned will receive fair play. All this concerns a Provincial court of revision inquiring into income tax cases as much as any other similar body.

The gross earnings of the Canadian National Railways for the week ended June 14, 1923, were \$4,789,103, an increase of \$647,490, or sixteen per cent., as compared with the corresponding week of 1922. The gross earnings of the Canadian National Railways from January 1, 1923, to June 14, 1923, have been \$102,953,560, an increase of \$13,909,838, compared with the corresponding period of 1922. After all this is encouraging and furnishes an indication that the people's property is a long way from the scrap heap.

The wages issue between the contractors and engineers at the new drydock having been settled it is to be hoped there will be an immediate resumption of work. There are about one hundred and fifty laborers temporarily laid off on account of the dispute between the eight engineers and the contractors, who are anxious to resume employment. Incidentally, it is worth bearing in mind that it has taken exceptional pressure to induce Parliament to vote the money for the continuance of this drydock project, and that disputes of this kind supply excellent ammunition for the opponents of the work. The farther away trouble makers keep from this undertaking the better it will be for everybody.

OUR CONTEMPORARIES

ROLL ON, HARVEST TIME.

Regina Leader.—Seeding is practically completed in Saskatchewan, and from now on every shower will be "a million dollar rain." Optimistic crop reports, some inspired for the purpose of depressing prices, others well intentioned enough, will be the order of the day. The fact is that the crop is in the lap of the gods, who refuse to be interviewed. When the grain begins to yellow toward the end of summer it will be possible to talk confidently of what the yield will be. And not before.

ADVANTAGES OF BEING INSURED.

Newcastle Chronicle.—The engine of a passenger train broke down midway between two stations; and as an express was expected, and as it was not certain that it could be stopped before reaching the spot, the passengers were urged to get out of the carriages immediately. They all did so except an old miner, who kept his seat. The passengers thought he must be mad, but he put his hand into his pocket and pulled out an insurance ticket. "Ha! Ha!" he cried, "ye thought I was simple, but I'm not so daft as ye thought I was. It's a nice thing for the company to sell me an insurance ticket, an' then to run away at th' first sign of danger! Not me, no fear, here I am, here I am! I'll stop an' mind ye, if th' company hes to pay up, that's th'ir lark out, not mine!"

VANCOUVER ISLAND NEWS

MANY ATTRACTIONS AT GARDEN FETE

Function Is Given By Girl's Branch of St. Peter's W. A.

Special To The Times

Duncan, June 19.—Mr. and Mrs. W. H. Elkington kindly lent their beautiful home and grounds for the fete given by the girl's branch of the St. Peter's Women's Auxiliary on Saturday afternoon. There were many attractions provided. The Badminton tournament under the direction of Miss I. Rudkin was won by Miss G. Rice and Trevor Basset, these two beating Miss Irma Rudkin and L. T. Price in the final. Other entrants were Miss L. Rice and H. Sunderland, Mrs. Craig and Col. Dopping, Archdeacon H. A. Collier, Mrs. Gibbs and A. Gilmore, Miss Lois Rudkin and Tony Rice, Miss Nell Blythe and A. Basset, and Miss K. Whitmore and N. R. Craig.

Miss Nell Blythe managed the tennis, Miss Lois Rudkin had a general stall, Miss Phyllis Haulman sold the ice cream and Miss Evans. Rooms was in charge of a ball driving competition. Mrs. Leggett winning the ladies' prize for hammering in the most nails and L. T. Price the gentlemen's. Mrs. G. O. Day won the ladies' prize for the clock golf managed by Miss K. Whitmore, and Archdeacon Collier made the best score among the gentlemen. Tea and strawberries and ice cream were capably managed by Miss E. Basset and Miss Mary Simpson, ably assisted by the Misses B. Hall, Edith King, Juanita Dopping-Hepental and Toto Evans. Miss Ethel Wright and Miss Elsie Roome made a splendid "elephant," and with Miss Dawson Thomas as their keeper, provided an excellent sideshow, which was well patronized and gave much amusement, the elephant's dancing being much admired.

Altogether the girls are to be congratulated on their entertainment.

FINE FLOWER SHOW HELD AT ALBERNI

Magnificent Display of Blooms Shown; Plan Dominion Day Fete

Times Special Correspondence.

Alberni, B. C., June 18.—The rose and iris show of the Alberni District Horticultural Association, held in the G. W. V. A. Hall, Port Alberni, last Thursday, was a great success. There were some particularly fine roses, iris and peonies exhibited. The judge, Mrs. Hugo R. Bevan, of Oak Bay, was extremely well pleased, particularly with the display of iris. She said that it would be hard to beat these anywhere on the Coast. The following were the prize winners:

Class One—Three blooms, roses, first and second, Mrs. J. McIntyre. Class Two—Six blooms, roses, first, Mrs. F. Rollin. Class Three—Best bloom, rose, first, Dr. Hilton; second, Mrs. Freese. Class Four—Display of roses, first, Dr. Hilton; second, Mrs. Hodgson. Class Six—Climbing roses, best rose, first, Mrs. Rollin; second, Mrs. Wood.

Class Seven—Table vase roses, first, Dr. Hilton; second, Mrs. R. J. Burde. Class Eight—Basket of roses, first, Dr. Hilton; second, Mrs. R. J. Burde. Class Nine—Rhododendron, best spray, first, Mrs. C. A. McNaughton. Class Ten—Honeysuckle, best vase, first, Mrs. Rhodes; second, Miss E. Bishop.

Class Eleven—Best vase, other flowering shrubs, first, second and third, Mrs. E. Garrard. Class Thirteen—Collection of perennials, three kinds, one vase of each, first, Dr. Hilton; second, Mrs. Hodgson.

Class Fourteen—Collection of perennials, six kinds, one vase of each, first, Dr. Hilton; second, Mrs. Hodgson. Class Fifteen—Peonies, best single bloom, first Mrs. Freese; second, Mrs. Rhodes.

Class Sixteen—Peonies, best three blooms, first Mrs. Freese; second, Mrs. H. H. Browne. Class Seventeen—Peonies, best display, first, Dr. Hilton; second, Mrs. Hodgson.

Class Eighteen—Collection of wild flowers by child under fifteen, first, Isabel Freese; second, Marion Dopping; third, Frances Dopping. Class Twenty-one—Pinks, six blooms, first, Mrs. Hodgson; second, Mrs. Freese.

Class Twenty-two—Iris, flag-leaved section, single stem, second, Mrs. Freese. Class Twenty-three—Iris, flag-leaved section, three stems, first, Mrs. H. H. Browne; second, Mrs. B. Wilson.

Class Twenty-four—Iris, flag-leaved section, best display, first, Dr. Hilton. Class twenty-five—Iris, bulbous, three stems, first, Mrs. E. B. Garrard. Class Twenty-six—Iris, bulbous, best display, first, Dr. Hilton; second, Mrs. Hodgson.

Class Twenty-eight—Pansies, six blooms, first, Miss E. Bishop; second, Mrs. Piggott. Class Twenty-nine—Pansies, twelve blooms, first, Dr. Hilton.

Afternoon tea and ice cream were served by the ladies during the afternoon.

Preparations are well under way for the annual Dominion Day celebration here, when the usual programme of open events will be staged. Sports for the children, Indian races, tug-of-war, and a number of novel events will be staged. The arrangements for the day are in the hands of the following capable officials: Alderman E. M. Whyte, chairman; S. H. Toy, secretary; and S. Evanson, treasurer. There is also a strong general committee with several sub-committees.

The Women's Auxiliary of the West Coast General Hospital, Alberni Branch, will have a picnic on the grounds and will have numerous other attractions. During the afternoon there will be a decorated automobile and bicycle parade through the city, winding up with the crowning of the carnival queen, who is to be chosen from

STRAWBERRY TEA WAS A SUCCESS

Special To The Times.

Metochin—A very successful social event in the form of a strawberry tea was held by the Metochin Girl Guides on Monday afternoon in the grounds of the residence of Mr. and Mrs. T. T. Pullan. A plentiful supply of delicious local berries was provided, and these, with cream and cakes, served by the guides in their smart uniforms, made a delightful tea.

The local patrol of boy scouts was also present, giving every assistance possible. It was pleasing to note that among the many present were visitors from Colwood and the Albert Head districts, and the scene presented, with the delightfully decorated little tea tables, was very attractive.

Clock golf was played on the lawn, and the gypsy fortune teller was kept busy during the afternoon. The proceeds of the afternoon's entertainment will go towards the expenses of camping during the holidays. The Guides are planning to leave for camp about July 17.

Prepare for Event.
The June meeting of the Langford branch of the W. A. was held at the home of Mrs. D. B. F. Bullen. In the unavoidable absence of the President, Miss Hockley, the chair was taken by the First Vice-President, Mrs. Cowie.

After prayers and usual business, details and final arrangements for the Auxiliary fete to be held in Langford on July 2 were discussed, and the following committees appointed to take charge of the different stalls: Sewing and fancy work stall, Mrs. Goucher and Miss Hockley; home-cooking stall, Mrs. Cowie and Mrs. Cherry; candy stall, Mrs. P. Welch and helper; ice cream and sundae stall, Mrs. Eldridge; white elephant, Mrs. Willoughby and Mrs. J. C. Brown; bag competition stall, Mrs. H. A. Hinde and Mrs. Wilkinson; afternoon tea, Madames Waddington, Field, Richards and Harrison.

The junior branch will have a stall,

BLUNDERS

How has this woman shown poor taste in the selection of her clothes?

The answer will be found among to-day's want ads.

(Copyright, 1923, Associated Editors)

which will include competitions, under the direction of the superintendent. Children's sports will be under the direction of A. G. Mackie, assisted by local gentlemen.

There will also be a display of horsemanship by local riders, and among other attractions, the ever-popular Aunt Sally, clock golf, etc. An important discussion took place arising out of a letter read by the representative at the Diocesan board meeting, in which the principal subject was the introduction of the Bible into the public schools as literature.

It was particularly requested that all bags be sent in to the convener by Wednesday, June 27.

The meeting then adjourned and tea was served by the hostess, assisted by Mrs. Eldridge.

To Old Country

Edward L. McInnes, Colwood golf professional, is at present staying with Mr. Field, Colwood road.

The Rev. S. A. King, who has been staying with his sister, Mrs. H. A. Hinde, has gone to Vancouver, where he is to stay for a few weeks before returning to the Old Country.

Miss Kate Norman, of Victoria, has been visiting Mrs. H. Simpson for a few days.

SHOWERS FO BRIDE

Special To The Times.

Sidney, June 18.—A very pretty miscellaneous shower was given by Mrs. Cornell in honor of Miss Gertrude Watts, who is to be married on Tuesday to Mr. J. Wark, of Patricia Bay. A word contest was won by Miss Ella Blackburn. Two little children, Mona Cornell and Margaret Critchley, looked sweet dressed in pale blue organdie, driving a buggy decorated in pale blue and white crepe paper loaded with presents for the prospective bride. Miss Gertrude Watts thanked everyone for a few well chosen words. Mrs. A. Critchley broke a bag of rice over the future bride. A delicious tea was then served by Mrs. Watts.

Those present were Madames Knight, Harvey, Rankin, Williamson, A. Critchley, J. T. Taylor, McLeod, Crichton, Hill, Morris, Griffiths, Blackburn, Bowcott, Daniels, Waser, Deacon and Hayward, and the Misses A. Canfield, R. McClure, Ena, Ella and Dorothy Blackburn.

A very beautiful miscellaneous shower also was given for Miss Watts at the home of Mrs. Blackburn on Friday afternoon, under the auspices of the Young People's Society, of which the bride is a member. The shower was held in the garden, a huge mauve and pink umbrella being hung over the table. Pretty little Marjorie Griffith stood on the table and handed Miss Watts the presents. Miss Watts after untying the gifts, passed them on to Mrs. Griffiths and Miss Blackburn, who handed them on to the guests to see. Miss Watts thanked everyone very sweetly for their gifts. The Union Church Ladies' Aid gave the coming bride a very handsome eiderdown coverlet. Mrs. Blackburn gave a very nice tea, in which she was assisted by Mrs. J. T. Taylor, Mrs. Griffiths, Miss Christie and Misses Blackburn. At the end of tea, Mrs. Blackburn presented Miss Watts with a beautifully decorated feed cake, with kewpies dressed as a bride and train-bearers on the top. Among those present were Madames Armstrong, Knight, J. T. Taylor, Ellis, J. Brethour, A. Munroe, Douglas, Jackson, Cornell, Williamson, Crabbe, Wilkinson, Ward, France, Hewitt, Deacon, McLeod, C. Wemyss, Ingarbella, T. Taylor, McEwan, Morris, Hill, Bowcott, Crichton, Holdridge, Ramsey, Lambour, Craik, Bumbough, Sutherland, and the Misses Ellis, Christie and Herd.

On Friday evening, after the choir practice in the Union Church, Mrs. Knight invited the choir to her home. The Rev. T. Griffiths then presented to Miss Gertrude Watts on behalf of the Union Church choir, of which Miss Watts is a member, a very handsome silver cake basket suitably inscribed as a gift on her coming marriage. The bride to be then replied with thanks. The evening was spent in music. Mr. Cornell and Mr. Morris both gave solos. Mrs. Knight then gave a splendid supper to all. The table was prettily decorated with roses and sweet peas. Those present were the Rev. T. and Mrs. Morris, Mr. Blackburn, Mr. and Mrs. Morris, Miss Edna Blackburn, Mrs. Jackson, Miss A. Jackson, Misses Gertrude and Alice Watts, Florence Hambley, Kathleen Watts, Mr. Cornell and Mr. Boull. A letter of regret at being unavoidably absent was read from Mr. Lowe, of Patricia Bay, and Miss C. Mackenzie was absent through illness.

Griffiths then presented to Miss Gertrude Watts on behalf of the Union Church choir, of which Miss Watts is a member, a very handsome silver cake basket suitably inscribed as a gift on her coming marriage. The bride to be then replied with thanks. The evening was spent in music. Mr. Cornell and Mr. Morris both gave solos. Mrs. Knight then gave a splendid supper to all. The table was prettily decorated with roses and sweet peas. Those present were the Rev. T. and Mrs. Morris, Mr. Blackburn, Mr. and Mrs. Morris, Miss Edna Blackburn, Mrs. Jackson, Miss A. Jackson, Misses Gertrude and Alice Watts, Florence Hambley, Kathleen Watts, Mr. Cornell and Mr. Boull. A letter of regret at being unavoidably absent was read from Mr. Lowe, of Patricia Bay, and Miss C. Mackenzie was absent through illness.

On Friday evening, after the choir practice in the Union Church, Mrs. Knight invited the choir to her home. The Rev. T. Griffiths then presented to Miss Gertrude Watts on behalf of the Union Church choir, of which Miss Watts is a member, a very handsome silver cake basket suitably inscribed as a gift on her coming marriage. The bride to be then replied with thanks. The evening was spent in music. Mr. Cornell and Mr. Morris both gave solos. Mrs. Knight then gave a splendid supper to all. NEWS IN BRIEF

Two charges of infraction of the building by-law were against F. A. Graham in the Esquimalt Court were withdrawn last Thursday.

The Victoria West Brotherhood wrote to the city council last night to ask that hand concerts be held occasionally in Victoria West park this summer. The request was referred to the Chamber of Commerce committee, which is arranging a series of concerts for the summer season here.

The city council last night referred to its fire wardens committee the request of Oak Bay Municipality that when any fireman at the Duchess Street fire hall is at headquarters for drill he should be replaced by another man, so that Oak Bay will be amply protected from fire at all times.

The organizer for the district of the B.C. Auto Association last night appeared before the Saanich Council and appealed against Chief of Police Brogan's dictum against his patrolling Saanich highways in a light car emblazoned "Road patrol." The council decided to secure further data before acting.

Victorian athletes are invited to two field events on the American side of the line shortly. The first is that held by the Tacoma Scottish gathering, to open there on June 30. The latter is that of the Seattle Police whose sports open on August 4. Thirty-one events are listed for the latter meet, officers of the local force being invited.

The members of the Esquimalt Methodist Young People's Society will hold a beach social to-night instead of the usual weekly meeting. Members and friends are requested to meet at the church at 8 p.m. Mr. R. Stewart, the social convener, will have charge of the programme. Refreshments will be served during the evening. Everyone is invited.

Foul Bay Community League will meet at the Presbyterian Sunday Schoolroom on Wildwood Avenue, at 8.30 p.m. Wednesday, when the President and Executive will present the draft of the constitution for the approval of the members of the members. All residents, whether property holders or not, are invited to attend.

In his statement for May Chief of Police Herbert Dawley reported to the Esquimalt Police Commission last night that receipts from licenses, pound fees, and fines totalled \$142.50; seven street lights were replaced; 34 "meats" cases were put up and 48 removed; one fire took place, and first aid was given in one accident case.

A musical competition is to be held when the big Saanich Day Bazaar picnic takes place, July 2, at Beaver Lake. Two splendid prizes will be awarded for the best musical number given by any aggregation of Saanich residents. The competition is to be a part of the after-noon programme of the huge gathering, and is bound to be keenly contested. It is expected that choirs from the various churches, as well as other singers, will take part. A programme of speakers is being arranged.

The first of the series of daily band concerts started this afternoon at 3.30 p.m., continuing until 5.30 p.m. The musicians, 25 in number, will be stationed on the corner of Douglas and Yates Streets. Bandmaster Miller will be in charge. The programme is an exceptionally good one, and includes many gems by the leading composers. Two hours of the finest music may have a desirable effect upon the city of Victoria. For the next two months this will be an almost daily occurrence. A second concert of a similar kind will be held to-morrow at the Gorge. Thursday and Saturday the musicians will also play.

Herbert Bridges was giving Miss Hardisty a lesson in a Ford car near Oyster River, when Miss Hardisty was occupying the driver's seat and steering, when the car skidded on some loose gravel and overturned. Miss Hardisty, who was with them in the car, was uninjured.

An exhibition of the manual training work executed by the pupils of the Boys' Central, Sir James Douglas and Margaret Jenkins schools will be held in the Manual Training Centre at the Boys' Central School on Thursday next, when the instructors will welcome the parents and public from 3 till 6 o'clock.

MANUAL TRAINING.

Installation of the big bascule of the northern or railway side of the bridge, which was started by the City of Victoria, was completed yesterday. Enormous steel girders will be put in place to form the bascule during the next few days. Contractors who will pave Johnson Street from the bridge westward have postponed a start on this work until next week. It was announced at the City Hall to-day.

HARDING CANNOT STOP OFF IN CITY

President Warren G. Harding cannot come to Victoria in the course of his Alaskan tour this summer, according to work received by Mayor Reginald Hayward last night. In a wire from the President's private secretary, Mr. Harding's been regret at his inability to stop here is expressed. The President, it is explained, cannot add another stop to an already full itinerary.

CHIEF INSPECTOR ON TOUR.

W. E. Ditchburn, Chief Inspector of Indian Agencies, left during the week-end for Kamloops, where he will instruct the new Inspector of Indian Agencies, Lieut.-Col. G. S. Pragnell, and also the new Indian Agent, W. C. Dallin. From Kamloops Mr. Ditchburn will go to Lytton, and then on up to Clinton, where he will attend the hearings of the Board of Investigation of the Provincial Water Rights Branch. While in that section of the country Mr. Ditchburn will cover a considerable portion of the Williams Lake Indian Agency, and expects to return to town about the end of the month.

WOMEN TO MEET

Colwood.—The monthly meeting of the Colwood-Luxton and Happy Valley Women's Institute will be held at Colwood on Wednesday, June 27. An address will be given by Miss H. G. Kelly, nurse in charge of the Esquimalt Rural Nursing Service.

WOMEN TO MEET

Colwood.—The monthly meeting of the Colwood-Luxton and Happy Valley Women's Institute will be held at Colwood on Wednesday, June 27. An address will be given by Miss H. G. Kelly, nurse in charge of the Esquimalt Rural Nursing Service.

VICTORIA PASSING GOOD OPPORTUNITY

Publicity Bureau Has Offer From British Concern for Local Manufacturers

To the Victoria and Island Publicity Bureau has come an important communication from John G. Hollins Company, Limited, of London, asking for information regarding the possibility of some Victoria concern entering upon a contract to supply broom handles for the Old Country concern. The English company is anxious to interest some British Columbia manufacturer.

We are again interested in locating a good source of supply for these broom handles, the communication to the bureau reads. At the present time the manufacturer in Washington is supplying the demand for these necessities, but the London capitalist is keen to interest British Columbians in this respect.

The specifications of the broom handles that is being shipped to England is 48 inches in length and 1 1/4 inches in thickness. The demand is for handles of 50 inches from any British Columbia company.

Although the publicity bureau has communicated with several companies, it is not yet possible to say whether a general antipathy to the case exists. It is felt in the bureau that if Victoria manufacturers do not want the English market, they need not take it. Hollins & Company can easily be seen whether or not Victorians are sufficiently interested in the circumstances to take advantage of the offer or whether they do not wish to handle a trade that in all probability would mean the loss of the information on this subject may be obtained from the publicity bureau or by writing immediately and directly to John G. Hollins & Company's New York office.

FIND CITY CANNOT MOVE PARK TRACKS

The city has no power to order the Esquimalt and Nanaimo Railway to move its spur line from the Songhees Park, Victoria, west, it was learned at the city hall to-day. It was explained, has ordered the removal of the track, as desired by Victoria West people, but it has been discovered that only the Provincial Government can insist on this action. The Government, Council members have been informed, owns all the old Indian reserve area and includes the Victoria West park land to the city. The Government, therefore, is the only body which can free the park of railway tracks.

B. C. JERSEY MEN COMING HERE TO SEE FAMOUS HERDS

Jersey breeders from all parts of B. C. will gather here Thursday for the opening of the 1923 convention of the Jersey Breeders' Association of B. C. The convention this year will take the form of a roving conference, with headquarters at the Dominion Hotel but the scenes of their daily proceedings will be the famous Jersey farms of Saanich Peninsula and the Gulf Islands.

Thursday the convention will see and discuss the herds of Hon. S. F. Tolmie, M.P., Dean Bros., Sidney Experimental Farm, J. S. H. Matson, George Sanzger, George Clark, Friday they will go to Salt Spring Island and see ten pure-bred herds and 170 registered animals to be found on this one island alone.

On Saturday members will be taken from Salt Spring to Port Washington on Pender Island, to see the herds of Grimmer Bros. and A. E. Laton & Son. They will also go to Moresby Island to see the herd of G. S. Harris.

William Melvin Fleming, of Duncan, who is secretary-treasurer, is arranging the convention.

ALDERMEN MUST O.K. PAYMENTS

All city expenditures will have to be examined and approved by the City Council Finance Committee in future, it was explained at the City Hall to-day when city officials examined and interpreted the clauses of a new by-law passed by the Council last night. Under this measure the Finance Committee must assume responsibility for all expenditures, although it is recognized that the Committee cannot possibly go into every payment in detail and must rely on the word of financial officers.

After Finance Committee members were hailed before the courts here last year for paying money to Police Commissioner W. E. Stenland to cover his expenses to New York, the committee. This practice has continued but under the new by-law the old system will go into effect again. In the new measure, however, Finance Committee members are relieved of the additional duty of "auditing" expenditures.

Alderman E. S. Woodward, Chairman of the 1922 Finance Committee, told the Council last night that the rule forcing the committee members to examine all vouchers was a farce and never was enforced. Alderman Sangster replied that when he was on the Committee all expenditures were carefully watched.

WOMEN TO MEET

Colwood.—The monthly meeting of the Colwood-Luxton and Happy Valley Women's Institute will be held at Colwood on Wednesday, June 27. An address will be given by Miss H. G. Kelly, nurse in charge of the Esquimalt Rural Nursing Service.

BRIGDEN MUST FACE SENTENCE

Motion for New Trial in Court of Appeal Fails

Charles Brigden, convicted by a petit jury at the Assize Court on an indictment charging him with theft of two letters from His Majesty's mails, is refused a new trial, decided their lordships in the Court of Appeal at the close of the hearing yesterday afternoon. Brigden will appear before Mr. Justice W. A. Macdonald in the Assize Court again on Thursday for sentence, deferred pending the appeal.

Through his counsel, James A. Aikman, Brigden sought a new trial on several grounds, including besides technical objections a plea that the accused had been found guilty in the absence of evidence of guilt. By an unanimous decision, the Court of Appeal dismissed the motion for a new trial. The appellant is on bail, Henry C. Hall, K.C., appeared for the Crown.

Gould Versus Thompson.

The hearing of Gould versus Thompson opened this morning before their lordships with E. C. Apple, S. Gould, of 21-23 Avenue W., Kersdale, and W. C. Brown, K.C., for the respondent, Nicol Thompson, 817 Beatty Street, Vancouver. The appeal is for recovery of \$400 said to be due on a cheque made by the respondent, and the appellant claims that the cheque was not paid in full. The appellant claims that the cheque was not paid in full. The appellant claims that the cheque was not paid in full.

NEW YORKER URGES PORT RENFREW ROAD

Would Build Mill On Island If Road Were Near His Timber

In connection with the new road that has been proposed to be built from Jordan River to Port Renfrew, connecting that district with Victoria, a new argument has been put forward urging its construction. C. D. Wood, 441 Broadway, New York, who owns extensive timber limits in the Port Renfrew district, has written to the Victoria and Island Publicity Bureau stating that if this road were built he would immediately take up the matter of building a large mill either at Port Renfrew or nearer Victoria.

This road, it is the contention of many, would open up the timber and mineral resources around Port Renfrew. The value of the timber in that area has been frequently emphasized, containing as it does most of the chief valuable trees for milling purposes, with also a fertile estuary at the junction of the Jordan and San Juan Rivers.

Valuable magnetite ore deposits exist in the Jordan River district, which have hitherto not been developed.

The value of the timber in that area has been frequently emphasized, containing as it does most of the chief valuable trees for milling purposes, with also a fertile estuary at the junction of the Jordan and San Juan Rivers.

BANFF-WINDERMERE FILMS TO BE SHOWN

New Highway Pictures to Be Screened Again Here

On Saturday night at 8.30 o'clock the motion pictures of the Banff-Windermere highway will be screened in the Empress ballroom under the auspices of the Victoria Automobile Club.

When it became known that it was possible to get Mr. Campbell, Capt. Forster to return to Victoria with these pictures the club immediately made arrangements to have them shown. The films that will be used on Saturday night will in most cases be entirely new. Included as well will be the new film, "Victoria the Sunshine City," a picture that will doubtless prove of very great interest.

The event on Saturday night is free to all, and the club extends an invitation to all to attend. Members are asked to bring friends with them, and it is hoped that the room will be crowded to the doors.

The Dominion Government is sending these films over the country in order that the public may see the beauties of the National Parks, even if they cannot travel to them. The opening up of Banff Park with this new highway has been a big job, and when it is officially opened on June 30, a distinct addition will have been made to the touring possibilities of this province.

UNION MEMBERSHIP COSTING TOO MUCH

Difficulties have arisen between Victoria and the Union of British Columbia Municipalities over the city's membership dues to the organization, it was made known at the City Hall to-day. The Union is asking the city to pay \$700 for its membership privileges this year as against \$100 last year, and the City Council is determined not to meet this steep increase.

The Union is now assessing its members on the basis of population, and Victoria's membership dues thus are the second largest in the province. It was explained that the City Council feels, however, that \$700 is far too much, and it cannot understand why this large sum is needed. It is understood that all dues are being increased to meet the Union's added expenses for work on behalf of the municipalities.

The city authorities are getting into touch with Vancouver and other leading cities to find out what they think about the increased cost of belonging to the Union.

B. C. BUSINESS ON UP-GRADE

MANSON SAYS Tide Has Turned and Big Things in Store for Province, He Believes

"The tide in British Columbia business has turned and we are now on the up-grade," said Hon. A. M. Manson, Attorney-General and Minister of Labor, to-day as he was making final arrangements for his tour of inspection of conditions in the north part of the Province. He said labor and industrial returns showed this to be the case.

Mr. Manson pointed out that returns showed that the basic industries of the Province such as mining and lumbering are on a big move and the effect of their advance will soon be felt in other lines of business and industry. Unemployed have been absorbed in industry here, and as for stories of persons leaving the Province, for every one who leaves another comes in, he said.

In the North reports show activity on the up-grade, he said. Prince Rupert is now started shipping to the Orient lumber from mills along the line of the P.-G. E., with the prospect of this developing into a big trade, he declared. Large sums of money are being spent on mines development in his riding on Omineca. Mr. Manson will go to Vancouver to-night for a couple of days Government business. At the end of the week he plans to sail for Prince Rupert as he is one of the guests with Sir Henry Thornton, president of the C. N. R., at the dinner to be staged there at the first of the week. Mr. Manson will then go East along the G. T. P. to fill some speaking engagements. He will be in the north for three weeks.

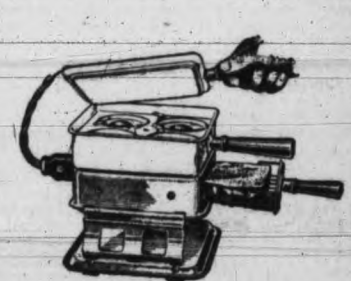

bring it with you to-day. This is our selected list of to-day's best records.

- 19034—Crying For You. Fox Trot. Paul Whiteman's Orchestra.
- Sunny Jim. Fox Trot. Confrey's Orchestra.

VICTORIA AGENTS BUSY IN STATES

Agents in Seattle and Tacoma Divert Tourists to Island

George I. Warren, commissioner of the Victoria and Island Publicity Bureau, and managing secretary of the Chamber of Commerce, returned home on Monday. He had been interviewing the Victoria agents in Seattle and Tacoma. These men have been sent to the American cities to act as representatives of Victoria and to divert tourist traffic by every means in their power in the direction of Vancouver Island. They were well received in their respective stations, and for the most part are working in the automobile camps. Commissioner Warren reports.

"We made a flying trip over the Olympic Highway," stated Mr. Warren this morning, "leaving Sunday afternoon and returning Monday. We made Port Angeles in the evening and started for Olympia, visiting Seattle and Tacoma during the trip. There we found that the tourist were being well saturated with publicity from Victoria and not a few of them were headed this way."

Through Frank Gates, secretary of the Seattle automobile camp, and the courtesy of that association, W. J. Healey, Victoria's representative, has been installed among the tourists and is permitted to spread his propaganda where they congregate. Similar circumstances exist elsewhere in the Victoria men are stationed, and all are doing excellent work. There were over 100 motor tourists in the Seattle camp on Sunday, and a noticeable feature was that many of these were from British Columbia.

SOCIAL AND PERSONAL

Rev. John Robinson, of the Fairfield Methodist Church, underwent a successful operation for appendicitis this morning at St. Joseph's Hospital.

Masters Alfred and Ronald Bland, of Wellington, are visiting their parents, Mr. and Mrs. F. W. Bland in this city.

Monday evening was the scene of a happy gathering when Mrs. J. Mutch and Miss E. Mutch entertained at their home in Esquimalt at a linen shower given in honor of Miss Mary Mutch, who is to be married this month to Mr. Geo. Thomas of this city.

The numerous gifts were brought in by two little sisters of the bride-elect, who wheeled a dainty little barrow decorated in pink and white crepe paper. Two gussied games were much enjoyed, and the winners of the first prizes were Mrs. Griffith and Miss Annie Ramsey, while the Misses Elsie Bryant and Nellie Hipwood carried off the booty prizes. Appetizing refreshments were served, and after singing "Auld Lang Syne" the happy guests left for their different homes. The guests included Mr. and Mrs. J. Mutch, Mr. and Mrs. Geo. Mutch, Mr. and Mrs. Whiting, Mr. Briggs, Mrs. Griffiths, Mrs. Snow, Mrs. Cox, Mrs. Parsons, Mrs. Stephenson, Mrs. Ford, the Misses E. E. Mutch, Mary and Miriam Mutch, Annie Parsons, Annie Ramsey, Nellie Hipwood, Melba Gibson, Elsie Bryant, Mary Miller, Beesie Ferguson and Edith Skelton.

"We made a flying trip over the Olympic Highway," stated Mr. Warren this morning, "leaving Sunday afternoon and returning Monday. We made Port Angeles in the evening and started for Olympia, visiting Seattle and Tacoma during the trip. There we found that the tourist were being well saturated with publicity from Victoria and not a few of them were headed this way."

BASEBALL CRICKET TENNIS GOLF SWIMMING

Dempsey Shows Speed In Training Quarters

Champion Using Only Footwork and Dodging Ability to Protect Himself From Assaults of Sparring Partners and Still They Find It Hard to Land

Great Falls, June 18.—In two of his training bouts here today Jack Dempsey abandoned the offensive that has heretofore made the going so strenuous for his sparring partners and rehearsed his defence against lighter and supposedly faster men. With all the advantage that attends when a boxer knows he is safe from attack and retaliation, Billy Wells, the English welterweight, attempted to hang blows on the champion's features and succeeded only in making himself appear like a rank novice.

Abandons Slugging

Once or twice before Dempsey has abandoned his slugging tactics in favor of speed, but at no previous time since he began training for his meeting with Tommy Gibbons has he appeared to so great an advantage in this department. Using his gloves only as protection for his midriff, Dempsey used only his footwork and dodging ability to protect himself from the Britisher's assaults. He moved at the end of two rounds with Wells's gloves having reached their target but two or three times and then with force spent.

Knowing he was for the day immune from the champion's blows, Wells repeatedly dashed in close and attempted to land a right or left effectively but generally he missed by a foot.

After the Wells bout, the champion took on Herman Auerbach, Salt Lake City junior welter, who made his appearance at the camp for the first time today.

One of Two Stopped.—Against Auerbach Dempsey followed the same tactics as he did with Wells, except that he let one or two counters slip and the welter left the ring bleeding from his mouth.

Harry Drake, the English heavy-weight, followed the two lighter men and fared as poorly as he usually does against the champion. A few minutes later Broadbent evened the score when he took a long pass from Jenkins. Both goalies were called upon to save several hot ones but no score was registered.

Sidney had much the best of the second period, McClure playing inside home, missed shot after shot which seemed like certain goals. A few minutes before the end, however, he redeemed himself by scoring from a difficult angle.

Goodacre opened. The first period was evenly contested. Goodacre scored for Sidney in a scramble around the goal. A few minutes later Broadbent evened the score when he took a long pass from Jenkins. Both goalies were called upon to save several hot ones but no score was registered.

Giants at Last Tear Lose From Losing Streak

Ryan Helps Team to Win First Game in Seven Starts

New York, June 18.—Bill Ryan, pitching great ball, yesterday enabled the Giants to win their first game in seven starts, St. Louis being the victim, 4-1. The Giants needed to win, for their hold on first place in the National League.

Yesterday the Athletics had another chance to shorten the gap between themselves and the Yankees, but they lost to the Chicago White Sox, 4-1.

Detroit's hitters made Murders' Row of the Yankee loss gentle by comparison in winning yesterday's game 11-2. At the same time as the St. Louis Browns were beating Boston twice, 6-2 and 9-0. Washington unexpectedly beat Cleveland 4-3 in 13 innings.

National. At Pittsburgh—R. H. E. Boston 3 4 0. Pittsburgh 9 14 3. Batteries—Marquard, Benton, Fillingim and E. Smith, Morrison and Good.

At Cincinnati—R. H. E. Cincinnati 3 7 3. Cincinnati 6 9 1. Batteries—Eaton, G. Smith and Taylor, Rixey and Hargrave.

At Chicago—R. H. E. Philadelphia 3 5 1. Chicago 3 17 2. Batteries—Behan, Hubbell, Mitchell and Wilson; Aldridge and O'Farrell.

At St. Louis—R. H. E. St. Louis 1 5 2. St. Louis 4 12 0. Batteries—Ryan and Snyder, Toney, Stuart, Hart and Almsmith.

American. At Boston—R. H. E. St. Louis 6 13 0. Boston 2 6 2. Batteries—Shoaker and Severeid; Ferguson, Fullerton and Walters.

Second game—R. H. E. St. Louis 9 12 1. Boston 0 3 3. Batteries—Shoaker and Severeid; Ferguson, Fullerton and Walters.

At New York—R. H. E. Detroit 11 16 0. New York 2 8 2. Batteries—Holloway and Bassler; Hoyt, Mays and Hoffman.

At Washington—R. H. E. Cleveland 4 11 0. Washington 4 11 0. Batteries—Coveleskie and Myatt; Johnson and Ruel.

HOW THEY STAND. National. W. L. Pct. New York 35 20 .636. Pittsburgh 31 21 .596.

American. W. L. Pct. New York 35 20 .636. Philadelphia 30 22 .577. Cleveland 30 25 .545.

Fast Battle Expected When Two Nines Meet at Stadium This Evening

This Evening

This evening at the Stadium the re-organized Automotives nine will take the C. P. R. professionals into camp in a senior amateur league fixture. The Automotives are fully confident that they will hand the highly touted railway team a setback.

The game last night was a fast and furious battle, with the league leading Eagles last week and Friday Harbor on Saturday. The Automotives created the surprise of the season when they trimmed the feathered folk, league leaders, and they also demonstrated that it was no fluke when they took the scalps of the American clan.

Parfit on Mound. Ray Parfit, the pitching star of the Automotives, will be on the mound for them, and will make the C. P. R. stop lively if they hope to lessen the gap between themselves and the St. Louis Browns.

Ladies' Night. This evening will be Ladies' Night and the executive of the league are fondly hoping that a good number of the fair sex will be present to watch the battle.

Up-Island League. Cumberland, June 18.—The Cumberland ball team engaged in their first league game when they clashed with the Powell River nine, handing them a drubbing to the tune of 8-7. The game was exceedingly close, the winners being in doubt until the final frame was concluded.

Seattle Team to Perform. On Saturday afternoon the Eagles will be hosts to the Seattle Athletic Club nine from the Sound city. It is rumored that they have a snappy team and expect to win.

Farmer Runner One of England's Hopes. Won Windsor-London Marathon Three Times in Succession.

Here's a race in which a record was shattered. The Dane winning the Windsor-London Marathon race last Saturday took over two minutes longer in completing the race which the Italian Dorando and the United States runner Hayes made famous in the spectacular battle the first year.

Windsor-London Marathon. The first time he broke the tape in 2 hours 25 minutes, the second 2 hours and 41 minutes and the third 2 hours, 37 minutes and 40 seconds.

For the unusual performance of winning the race three times in succession the Sporting Life gave him a handsome replica of the trophy. Mills' defeat came as no surprise to Jakeman. The Lincolnshire farmer started running as an unknown without club affiliations a few years ago.

ONE CHANGE MADE IN CANADIAN RIFLE TEAM. Ottawa, June 18.—The team of Canadian riflemen selected to represent Canada in the competitions of the British National Rifle Association at Bisley next month, will sail on Friday next.

Private A. H. Caplin, Seventh Battalion, Vancouver, goes in place of Lieut. W. B. Temple, Truro, N.S., the latter being unable to get away. The team is otherwise as already published and commanded by Brigadier-General J. H. D. R. Quebec, with Major E. L. Straight, Ileton, Ont., as adjutant.

F. B. NOBLE NAMED TO LEAD CRICKETERS. The selection committee for the inter-city match to be played at the University School ground on Monday, July 2, met last evening to select a captain for the Victoria team.

Forest Fires Menace Fishing Expert Writes

Trout Disappear From Waters of Fire Swept Area Professor Declares

With the opening of the bass season in the various provinces of the Dominion, Professor Percy E. Hobbs, a well-known wildlife conservationist, formerly of McGill University, declares that fire is the angler's worst enemy as well as being a terrible foe of the woodsman.

In assessing the havoc of a forest fire, we often forget what happens below the surface of the rivers and lakes," said Mr. Hobbs, in pointing out that the waters are still barren, although two small lakes, where the fire only reached one corner and the green wood survived, are now well stocked with natural-bred trout.

Mr. Hobbs declares that, for some years after the fire in that district, there was apparently no breeding, or very little, there were only served to fill the mass of cannibal fish; small and large-sized trout disappeared, and fly fishing was useless. One could catch long, lean, lantern-jawed trout here and there with a troll or bait. Gradually small trout reappeared at a few spots, with an occasional monster in good condition. It was only 12 years after the fire, however, that conditions really began to improve here and there.

Spawning Conditions. "The effects of a fire on the spawning grounds are manifold," he says. "Certain reliable limits of depth and of temperature and clean gravel bottom, as well as accessibility, are the essentials of a spawning ground. A forest fire, by denudation, affects depths. Rain, over burnt ground, causes rapid spates which, in drought, are followed by a diminution of the watercourse becomes more pronounced when the natural sponge of the forest and its floor are suddenly removed.

Except in the case of small, confined waters, a fire does not heat the water sufficiently to kill the fish—they seek deep water and escape, or, if the water is shallow, they are killed by the heat of the sun. The following summer will surely do enormous damage. The ruined spawning bed and nursery are one result of a forest fire. The water is very susceptible to impurity of water through growth fish are comparatively scarce, as the alcohol waste from many a distillery has proved time and again. When the burnt forest reeks sourly in the rain that has come too late to save it, the result of distillation of tars and resins, are finding their way into the lakes and rivers and damaging, if not destroying, the very delicate organisms of young life, animal or vegetable.

Food Stores Robbed. "It is ultimately on the weed that the smaller creatures which constitute the food of the larger depend. The aquatic plants are, of course, affected by any change in the quality of the water, and still more by the behavior of a lake or stream in the heat of the summer. The point is that fire in the forest affects the food of lakes and streams almost as much, if less so, as it does the floor of the forest. Insect life constitutes a very large proportion of the fishes' diet. This insect life is of two main kinds—of land origin and of water origin. The land insects, and the caterpillars find their way into the water, especially on the windward side of lakes and streams and form an inconsiderable part of the diet of surface feeding fish. Insects perish with the fire, and are only replaced gradually by years of immigration from outside the burned zone. As to water insects, there is little doubt that once the routine of nature is upset in the matters of pollution, water levels, sedimentation, etc., these delicate creatures suffer much more than any as do the ova and fry of fish.

How to Keep Trails Open. "The angling possibilities of a forest range can, if sanely exploited, provide by far the cheapest way of keeping the trails open. Trails are a by-product of sport. When a fire has to be fought, a good and known system of trails is more than half the battle. But fire is the angler's worst enemy as well as the woodsman's.

Thus, it may readily be seen that the careless and thoughtless angler, who throws the burning match into the brush or who leaves the burning bonfire, is doing something that is likely to lead to the wiping out of favored or coveted fishing areas, or, at the worst, to the loss of the sport itself. Not only does forest fire put an end to the sport, but it causes untold loss in natural resources, valuable scenery, reliable water power and commercial advantages.

JIM DOUGHERTY TO REFEREE BIG BATTLE. Philadelphia, June 18.—James P. Dougherty, of Ridley Park, near here, today received a telegram definitely accepting his terms to referee the Dempsey-Gibbons fight at Shelby, Mont., on July 4.

YOUNG LEONARD WINS. New Orleans, La., June 19.—Young Leonard, of New Orleans, knocked out Puggy Morton, of Cleveland, in the third round of a scheduled 15-round bout here to-night. Morton claimed the knock-out blow was a foul, but it was disallowed and he was counted out. The men are lightweights.

TROUBLE JUST RAINS ON BATTLING SIKI. Paris, June 18.—Batling Siki today was fined 300 francs and roundly lectured in police court for firing a revolver in a cafe, punching the nose of a waiter and insulting the policeman who arrested him. The judge added five francs for drunkenness.

Siki grinned broadly as he listened to the judge, and gave a military salute and shook hands with everyone in the courtroom except the judge, who took refuge in flight.

WALT GRAVIN TO COACH BALL NINE

Uplands Golf Pro and Diamond Star Will Help Canadian Pacific Team

The management of the Canadian Pacific baseball team has approached Walter Gravin, professional of the Uplands Golf Club, and asked him to coach the club for the remainder of the season. "Walt" said that he would gladly assist them and would give all the time he could possibly spare to make it a winner.

The C.P.R. has a snappy bunch of ball players, but they have not been playing the brand of ball they should, and it is hoped that with a veteran like Walter Gravin at the helm they will show some of the class of which they are capable.

GIBBONS WILL FACE WEIGHT HANDICAP

Tips Scales at 190 and Figures He Will Reduce to 178 Pounds

Shelby, Mont., June 18.—When Tom Gibbons, St. Paul challenger for the heavyweight championship, faces Jack Dempsey in their title contest here July 4, he figures he will go into the ring about 178 pounds. At present he tips the scales a shade above 190.

If the challenger's expectation is fulfilled he will face a weight handicap of "possibly twelve or fifteen pounds, and will be about six pounds heavier than Carpenter when the French heavyweight managed to stay on his feet in front of Dempsey two years ago for four rounds.

To Initiate Arena. Plans for a boxing show of three ten-round bouts July 2 to initiate the new arena were announced today. Jimmy Delaney, St. Paul light-heavyweight, and Jack Burke, of Pittsburgh, will be the main event.

Gibbons went through his afternoon workout yesterday with four sparring partners minus the head guard he was wearing.

LAUNDRYMEN'S SPORT PROGRAMME IS GOOD. At the picnic held by the Victoria Steam Laundry employees and their friends and families, a very interesting and keenly-contested sports programme was carried out, much to the gratification of those present. Some very valuable material might have been found amongst the competitors, especially if the ladies' events had been closely watched.

Boys 6 and under, open—1st, Billy Hill; 2nd, Arthur Henderson. Boys 6 and under, employees' children—1st, Gordon Tyson; 2nd, Donald McLeod.

Girls 6 and under, open—1st, Margaret Leach. Girls 6 and under, employees' children—1st, Evelyn England; 2nd, Beatrice Brown.

Tiny tots' race—1st, Lily Bown; 2nd, George Pears; 3rd, David Pye. Girls 6 and under, open—1st, Madge Wallace; 2nd, Mabel Jean.

Girls 9 and under, employees' children—1st, Madge Wallace; 2nd, Jennie Gibson; 3rd, Mary Smith. Boys 9 and under, open—1st, Stanley Jones; 2nd, Claude Pennell.

Boys 9 and under, employees' children—1st, Claude Pennell; 2nd, Bramwell Hamilton.

Wilde Loses Gamely To Rugged Filipino

"I Simply Met My Match," Says Little Welshman, Battered and Bleeding From Terrific Onslaughts of Pancho Villa In Battle For the World's Flyweight Title

New York, June 19.—Jimmy Wilde yielded his title of world's champion flyweight boxer to Pancho Villa last night in a manner that the 40,000 who watched will remember while they live. The 40,000 who sat in the Polo Grounds and saw the title pass were so captivated by the exhibition of gameness of the little Welshman that for fully five minutes after it was over they sat there most quiet, waiting for him to open his eyes and come back to consciousness that he might hear the roar that was their sincere tribute to a genuine fighting man.

Old timers who saw the battle said it reminded them of the passing of Battling Nelson, who was so game that he was counted out on his feet. Wilde kept pressing forward, on throughout the fight. Wilde was beaten when the third round began, and he was the next rest of the way, but he didn't seem to know it until he woke up.

Jimmy received about \$60,000, 37½ per cent of the total receipts, and Villa about \$20,000, 12½ per cent. The total receipts were about \$150,000. Jimmy said Villa deserved to win.

"I simply met my match," were his words. "I don't know whether I shall try to get a return bout." The events are open to all veterans of the army and navy and a solid silver cup donated by the Governor-General, is the tempting bait held out to the athlete who feels capable of pulling down the most points during the meet. The list is as follows:

Tug-of-War (International), team, 8 men—1 trophy and individual prizes. Relay Race (4 men in a team), 110 yards—trophy 1st and 2nd individual prizes. Wheelbarrow Race, 50 yards, 1st and 2nd prizes. Catching the Greasy Pig: prize, the pig. Pillow Fight on Bar, 1st and 2nd prizes. Putting the Shot, 16 lbs., exhibition. Pole Vaulting, 1st and 2nd prizes. Throwing the Hammer, 16 lbs., exhibition. Quarter Mile, 1st, 2nd and 3rd prizes. Half Mile, 1st, 2nd and 3rd prizes. 100 Yards, 1st and 2nd prizes. Catching the Pillow, 1st and 2nd prizes. Obstacle Race, 1st, 2nd and 3rd prizes. High Jump, 1st and 2nd prizes. Long Jump, 1st and 2nd prizes.

Open Race—Vancouver Hotel to Hastings Park; and once round the track; race starts at 2 o'clock p.m. Polo Vainued yesterday by London for Boy Scouts, 1st and 2nd prizes. For Amputation Cases Only—One Legged Race, 1st and 2nd prizes. Egg and Spoon Race, 1st and 2nd prizes.

Musical ride and vaulting exhibition by the Royal Canadian Mounted Police. SPAIN STEPS AHEAD OF BRITISH NET TEAM. Withington, Lancashire, June 19.—Spain's lawn tennis representatives won yesterday's match from the British in their second round of the Davis Cup, thus going into the lead, two matches to one. Count de Gomar and Eduardo Flaquer defeated Randolph Lycett and L. A. Godfree 6-2, 6-4, 6-3.

BECKETT-CARPENTER GO AS PER SCHEDULE SOME SPORTSMEN ANTICIPATE. London, June 19.—The fight between Joe Beckett and Georges Carpentier, yet may be held on July 4 as scheduled, in the opinion of some sportsmen. Beckett's injured hand was examined yesterday by London physician who was unable to discover that a bone had been broken. Beckett's complaint is said to be only a muscle strain.

However, Beckett has told Sporting Life that he would not fight on July 4 as he would be unable to do himself justice.

ONE SENIOR HOCKEY LEAGUE IN MANITOBA. Winnipeg, June 19.—Brandon, Portage, Tigers and Winnipeg will compose the only senior hockey league in the Manitoba Amateur Hockey Association next winter, according to a decision made by the Association's Executive. A surprise was caused when the Falcons, last season's champions, were excluded from the lineup.

WOMEN NET STARS TO COME FROM ENGLAND. London, June 19.—Three or four of the best women lawn tennis players in Great Britain will play on a number of Canadian courts this summer. They will be sent to the United States in July, and will later participate in the United States national championships. They will play a number of matches in Canada before returning home. Names will be announced shortly.

GOOD, CLEAN Millwood. Delivered in the City Phone 298. The Moore-Whittington Lumber Co.

SPAIN ELIMINATES BRITISH TEAM FROM DAVIS CUP CONTEST. Withington, Lancashire, June 19.—The British lawn tennis team was eliminated from the Davis Cup competition by the Spanish team as the result of today's play.

MACAN EMPLOYED BY SEATTLE CLUB

Victoria Links Architect Gives Advice On Rainier Course

Two important changes in the original plans of the new nine holes at the Rainier Golf and Country Club have been made at the suggestion of A. V. Macan, the Victoria links architect who was employed by Rainier recently to advise on the completion of the course.

One change brought a shortening of the third hole by fifty yards. It will be 155 yards, across a draw, and from a slightly different angle than originally designed. The other change provides that No. 2 hole shall be made a water hole, and a sand trap will be constructed in front of the tee by excavating a large quantity of humus muck. This humus soil will be laid away for seasoning, and future use in top-dressing the course.

Maculey Point. A men's sweepstakes competition played by members of the Maculey Point Golf Club. Play was over eighteen holes, medal play, with full handicap allowed. The scores were as follows:

Gross Net. T. Angus 85 69. J. Burns 84 68. G. Lynes 84 70. F. Goldwell 86 72. J. A. Davidson 89 72. J. Wilson 91 72. Capt. P. N. Smith 91 72. Major W. Rowson 94 74. Enger-Lt. Stephens 102 79. A. Fulmer 102 79. W. B. Christopher 99 79. J. V. Weston 105 83. Major G. Slaman 101 83. F. Spencer 108 84. C. S. Crofford 109 84. M. H. Hupley 111 91. A. G. Garter 114 92. A. A. Matthew 120 96.

WRESTLERS GRAPPLE AS FRENCHMEN FIGHT. Salt Lake Heavyweight Puts Opponent Out With Kick Under the Chin.

Portland, June 19.—Mike Yokel, Salt Lake light heavyweight wrestler, defeated Billy Edwards, of Kansas City, two out of three falls here last night. Edwards won the first fall in 44 minutes with a croch hold and half-Nelson. Yokel kicked Edwards under the chin, knocking him out and won the second fall in 21 minutes. Edwards was still groggy when he returned to the mat for the deciding fall and Yokel finished him in short order, winning the fall in 2 minutes, 20 seconds with a Nelson and arm bar hold.

GOOD GOAL DECIDES GAME FOR SIDNEY

Visitors Hand Esquimaux Beating in One of Best Lacrosse Tilts of Season

Between 400 and 500 people witnessed one of the best games of the season when Sidney defeated Esquimaux by 4 to 1. The game was fast and exciting and it looked very much like it would run into overtime until, Seglebra, playing second home for Sidney, scored the winning goal.

Goodacre Opens. The first period was evenly contested. Goodacre scored for Sidney in a scramble around the goal. A few minutes later Broadbent evened the score when he took a long pass from Jenkins. Both goalies were called upon to save several hot ones but no score was registered.

Sidney had much the best of the second period, McClure playing inside home, missed shot after shot which seemed like certain goals. A few minutes before the end, however, he redeemed himself by scoring from a difficult angle.

Goodacre started the third period by scoring 18 seconds after the whistle. Bill Huxtable beat Simpson about 40 seconds later. The play was very ragged and no further scoring was done in this period.

Like a Cyclone. The final period started like a cyclone. Nuts scored 46 seconds after the face-off. With the score even both teams were trying hard to gain the lead. Both goalies were tried several times without a score. The game looked like going into overtime when Seglebra, on a pass from "Manny" Morton, notched the winning goal. Esquimaux pressed hard but Simpson was unbeatable.

Goodacre and Simpson starred for Sidney and Huxtable for Esquimaux. Several minor penalties were handed out but none of the whole game was clearly visible.

The Summary. Esquimaux. Sidney. Pascoe Goal. Simpson. Popham Point. E. Norton. Roscamp. Cove Point. Cameron. Pasmore. 1st Defence. Moore. Huxtable. 2nd Defence. Burton. Richardson. 3rd Defence. Goodacre. Alexander. Centre. Jenkins. Alexander. 2nd Home. McNeill. Broadbent. 1st Home. McNeill. Rom. Outside Home. M. Norton. Hickert. Inside Home. McClure. Hard. 3rd. Spore. Crossley. Stewart. Spare. Armstrong. Allie McGregor, referee. Messrs. Hill and Mesher, time-keepers. Goals—First period, Goodacre, 8.00. Broadbent, 13.00. Goals—Second period, McClure, 12.00. Goals—Third period, Goodacre, 10 seconds; Huxtable, 50 seconds. Goals—Fourth period—Nuts, 4.00. Seglebra, 12.00.

Minor penalties.—Nuts, Jenner, Reid, Brooks, Seglebra and Pasmore.

The next league game is scheduled Thursday night when the United Services and Sidney play. These two teams are tied for first place and an exciting game should be seen.

QUOTERS OPEN PLAY FOR CUP SATURDAY. Some good play is promised the followers of the game on Saturday at the Willows when the first round of the Withers Cup takes place. Owing to D. McCall and A. McMillan being unable to play, D. McMillan and F. McMillan, No. 3 by F. Leiper and T. Alexander, E. Watt getting a bye in the first round.

The second division pairs up as follows: R. Robertson and T. Rhodes, M. McCall and T. McCall, H. Reid and T. Canby, S. Taylor and R. McKenzie. Both leagues are coming to an end. St. Watt in the first league and F. Taylor in the second are winners to date. A. McMillan being the winner of the handicap on Saturday after a close game with J. Leiper, the score being 21-20.

CANADA SWIMMING CHAMPIONSHIPS SET FOR AUGUST 11. Winnipeg, June 19.—The Dominion swimming championships will be held at Grand Beach, a summer resort near Winnipeg. Swimmers from the United States are expected to compete against Canadians for the titles.

TO CONTRACTORS.

Sealed tenders will be received by the undersigned up to 4 p. m. on Monday, the 25th June, 1923, for the erection of "Memorial Hall" on the corner of Vancouver and Courtney Streets, Victoria, B. C.

Drawings and specifications can be obtained at the office of the architect on the deposit of one hundred dollars (\$100), which will be refunded on the return of the drawings and specifications in good condition.

Each tenderer must deposit a marked cheque in favor of Christ Church Cathedral Building Fund, for five per cent. of the amount of his tender, this cheque to be returned to the unsuccessful tenderers.

The lowest or a tender not necessarily accepted.

J. C. M. KEITH, Architect.

423 Sayward Bldg., Victoria, B. C.

TENDERS.

Tenders addressed to the undersigned at 423 Sayward Bldg., Victoria, B. C., will be received up to noon of the 25th day of June, 1923, for the purchase of the Wooden Freighter "The TRIM" by the Government.

Persons desiring to inspect the vessel should apply to the Agent of the Marine and Fisheries Department at Victoria, B. C.

The vessel may be briefly described as follows: Vessel, 192 tons, 192 ft. length, 23 ft. beam, 10 ft. depth, 10 ft. draft.

Each tender must be accompanied by an accepted cheque in favor of the Deputy Minister of Marine and Fisheries, for ten per cent. (10%) of the whole amount of the tender. The cheque of the successful tenderer will be forfeited if he declines to purchase the vessel at his tender price.

Cheques accompanying unsuccessful tenders will be returned. All offers must be for cash payment as soon as the tender is accepted. The highest or any offer not necessarily accepted.

A. JOHNSTON, Deputy Minister of Marine and Fisheries, Ottawa, Ont.

ESTATE OF HELENA SCROPE BARTER, DECEASED.

TAKE NOTICE that all persons having claims against the late Helena Scrope Barter, who died on the 12th April, 1923, are required to forward particulars to the undersigned on or before Friday, the 6th day of July, 1923.

Dated at Victoria, B. C., this 5th day of June, 1923.

LATEST MARKET NEWS

MARKET UNCHANGED AT CLOSE TO-DAY

(By Burdick Bros., Ltd.)

New York, N. Y., June 29.—There were alternate periods of strength and weakness in to-day's market, but final prices were not much changed in either direction as compared with final quotations of last night. Recent cuts in oil prices, and the fact that efforts to curtail oil productions have not met with much success as yet continue to influence an unfavorable sentiment among the oil shares generally speaking. This had a depressing effect on the balance of the list. News developments of the day carried no special significance. Floor observers venture the opinion that the market was encountering more stubborn resistance on the declines, and there also seems to be a growing feeling in some quarters that the market may enjoy a good rally at any time now.

PREVENT FOREST FIRES

The fires that start each Summer might have come from YOUR cigarette-stub.

The Forest charred and burned might have been the result of YOUR camp-fire.

The wooded hillsides might have been blackened by YOUR lighted matches.

The burned farms might be the wages paid by YOUR thoughtlessness.

Idle logging camps might be the result of YOUR momentary carelessness.

If forest fires annually destroy our natural wealth, if money is to be spent in fighting fires instead of building up the Province, then the loss is YOURS and that of the generations to come. Be careful.

CITY IS WARNED NOT TO PLUNGE INTO MORE DEBT

**Urged to Halt Improvement
Programme Until Present
Burden Reduced**

**Local Improvement Commis-
sioners, in Final Report,
Advocate Economy**

The city should not commit itself to further big improvement expenditures until its present burden of debt is brought within reasonable limits. This warning was contained in what probably will be the final report of the Local Improvement Commission, laid before the city council last night.

"The work of the commissioners from 1918 to now has continuously pointed to the need for a future policy of no commitments for new expenditures until the present burden of debt is brought within reasonable limits," the report said. "This commission is made in order that the commissioners' views, in this, possibly their final direction, may be placed on record for the benefit of succeeding councils who may not be so well advised as this year's council or have so intimate knowledge of the situation."

The commission announced that it had finally approved the council's proposal that the city as a whole now assume all remaining local improvement charges for various street widening projects. This scheme was virtually approved some time ago, but formal approval was contained in the commission's final report.

Owners Need Relief

"It should be understood by the general taxpayer," stated the report, "that in this direction we are dealing solely with widening and extension charges, the present and future benefit of which is more in the interest of the city at large than the private owner, that the owners of property included in these by-laws have already paid for four to twelve annual charges levied thereunder, and that the need for further action to abate the reversion of more property to the city is clearly shown by the results of tax sales in 1921 and 1922."

Ask Law Change

"The Municipal Act Amendment Act, Chapter 44, Section 6, amending Section 57, Chapter 32, 1914, enacted 1921, limits the aggregate of debts a city may incur to not exceed twenty per cent of the assessed value of its land, improvements and publicly owned utilities, except for local improvement and school purposes. This exemption of local improvements from the wholesale limitation imposed by this section has in the years under review rendered nugatory the protection afforded by this section, with tragic consequences to property owners. The commissioners hope that the Government will see fit to strengthen this section by including local improvements in the aggregate of debt, subject to the right to apply for special permission to the inspector of municipalities should necessity arise."

"We recommend that in future works of widening or extension, when done at the request of the property owners, the amount of compensation, if any, shall be credited to the property affected, for the payment of future taxes thereon."

ASK THORNTON FOR ACTION ON LUMBER EXPORT

**Chamber of Commerce to Ask
C. N. R. Chief to Press
Assembly Plan**

When Sir Henry Thornton, President of the Canadian National Railways, arrives on the coast during the next few days the Victoria Chamber of Commerce will urge him to press his plans for the establishment of a lumber assembly plant at the Ogden Point Piers here. A committee, headed by J. O. Cameron, was appointed by the Chamber of Commerce directors on Monday to undertake this work.

The lumber industry of Vancouver Island is suffering for lack of a central assembly point, the Chamber of Commerce directors were told by W. J. Bristow, of W. L. Comyn and Company, a big lumber exporting firm with headquarters in Vancouver. W. H. Munie, of the Shawinigan Lake Lumber Company and John D. Kissinger, of the Canadian Puget Sound Lumber and Timber Company.

The directors were informed that the Canadian National Railways will shortly install a slip at Ogden Point where car ferries may carry lumber from there to Ogden Point. Efforts will be made to have the manager of the Esquimalt and Nanaimo Railway install facilities for taking lumber across the harbor to the C.N.R. docks for assembly.

RE-MODEL BUILDING FOR KIDDIES' HOME

**City to Provide New Estab-
lishment for Aid Society
on Pandora Avenue**

Preparations are under way at the City Hall now for moving the Children's Aid Home to a city-owned building on Pandora Avenue. The building, which came into the City's hands at a Tax Sale during the last few years, will be re-modeled for the use of the children immediately. Several rooms being added to it.

The present building occupied by the Aid Home on Pandora Avenue is quite unsuited for the purpose, according to City Council members who represent the City on the Managing Board of the institution. The City will charter the Aid Society rent for the use of the Pandora Avenue Building.

SAANICH STARTS WEST ROAD PAVING

**First Mile Northward From
Observatory Authorized**

**Dominion Day Sports and Elk
Lake Given Substantial
Grant**

The Saanich Council last night instructed the Superintendent of Engineering to commence construction of the first mile of road paving to be laid in extension of the West Road beyond Observatory Hill.

Water Mains
A special meeting of the Council will be held on Tuesday evening, June 26, to consider replacement of a number of two-inch water mains in the Mt. Tolmie district with four-inch mains. Councillor Vantreut considered the change would prove important to Ward Three and require enlargement of services feeding the mains in that ward.

Bathing Pavilion
The Elk Lake Athletic Association secured a grant of \$75 towards the cost of lumber required to construct a two-dressing-rooms for bathers at the northwestern end of Elk Lake. The association agreed to erect the structures and supervise the conduct of the resort, which is on city property to which the association has been given access by the joint beaches and parks committee. George Robinson, K. J. Oldfield and A. T. Hodgson composed the delegation.

Picnic Programme
The Council voted, \$200 towards the Saanich Day celebrations on July 2 at Elk Lake. The grant to be used for prizes, music and entertainment features. Reeve Watson reported progress by the committee in charge of organization, stating a full programme of sports would be announced after next Thursday. A special effort will be made to hold the most important contests in the evening, for the benefit of strawberry field workers coming late.

Widening of Road
Widening of the Island Highway in front of Craigflower school was approved by the council, providing the cost, estimated at \$600, is equally shared between the municipality, the Saanich school board, and the Provincial Department of Education and Public Works.

Sidney Stage
A petition, bearing the names of most of the prominent residents and industries of Sidney, was placed before the council in support of a plea for the operators of the Sidney Flying Link, for protection against unfair competition. The council was sympathetic in view of the importance of the service to Wards Five and Six, and will take steps to ameliorate conditions.

Effect on Discipline
Reeve Watson informed the council that as a result of clothing ward foremen hiring and discharging authority last February, discipline had become relaxed in the municipal works department, the control of the roads superintendent had been lessened and the interests of Saanich were suffering. Councillor Macnicol, said he could see no such result, but a motion emphasizing the authority of Mr. Girling was unanimously adopted to clarify matters.

Condition of Barns
Owners of forty-six barns, considered by Chief of Police Brogan as unsatisfactory, will be notified to

amend conditions, and warned prompt action will follow if early re-inspection does not show improvement.

A Pensioner's Case
The council will inquire into the status, under the Mothers' Pensions Act, of a woman now receiving municipal relief. The council was informed this woman was until recently a pensioner, while her husband was in the penitentiary. This relief had stopped with the liberation of the man, his continued absence from the family was ignored by the Pension Board, and his later arrest and incarceration for a short time was not qualification for the woman and her family to obtain assistance.

INTERURBAN LINE'S LOSSES STIR CITY

**Council Declares It Will Do
All It Can for Peninsular
Service**

Grave concern was expressed by City Council members last night over the statement of A. T. Goward, Victoria manager of the B. C. Electric Railway Company, that the company's interurban line has been losing money steadily since it was opened.

In a letter, the substance of which was published in these columns last night, Mr. Goward declared that the interurban line's present losses are not going to go on indefinitely and asked Victorians generally to do all in their power to assist the line.

The Council passed a formal resolution stating that it would do anything it could to help the Electric Railway Company in operating its Saanich Peninsula road.

The importance of the interurban line was emphasized last night by Aldermen Goward and Andrews.

"I have been in many cities but I have never seen a better car service than that we have here," said Alderman Goward, who praised the courtesy of street car operators.

Saanich Situation.
Manager Goward of the B. C. Electric Railway Co., Ltd., last night informed the Saanich Council that the interurban line serving Saanich was an excessively burdensome venture, having shown consistent yearly losses since inauguration.

The Council regretted this condition but considered it could do nothing to aid beyond giving publicity to the company's statement as to the recent improvements in operating service.

All Oaks Dangerous
Council Is Warned
Impossible to Predict When Limbs May Fall; Pemberton Is Incensed

Many oak trees here are dangerous, but to test all the oaks in the city would cost a prohibitive amount. A project for insuring the safe in the Municipal Hall at a cost of \$825 per \$1,000 against the depredations of burglars will be investigated by Municipal clerk Pullen, with power to act.

A claim for \$11.40 damages for a motor truck belonging to the Vancouver Island Milk Producers' Association which left the road for the ditch recently, was refused.

A request from the Sailors' Club for the use of a corporation truck to haul cordwood granted by a Saanich resident was refused with regret. The Council agreed to contribute \$10 a month towards the cost of upkeep of an indigent resident who receives a pension from the Workmen's Compensation Board. It was either that or pay the whole cost, the Council was told.

Three camping permits requested were referred to the chief of police for action.

Miscellaneous Matters
Dealing with general business, the Council voted to pay \$19 due to the Good Roads League of British Columbia and agreed to its convention meeting in Vancouver prior to the meeting of the Union of British Columbia Municipalities.

A project for insuring the safe in the Municipal Hall at a cost of \$825 per \$1,000 against the depredations of burglars will be investigated by Municipal clerk Pullen, with power to act.

A claim for \$11.40 damages for a motor truck belonging to the Vancouver Island Milk Producers' Association which left the road for the ditch recently, was refused.

PIGS MUST GO SAY ESQUIMALT COUNCIL

**War Moratorium Granted
Swineherds Is Ended**

Pigs, given a war-time respite in the municipality of Esquimalt, were banished by that council in session last night on the advice of its medical health officer, Dr. J. K. McCallum. Tabled for the past three meetings, a by-law to prohibit the keeping of swine in the district received its final passage. A suitable period will be given the owners of pigs to dispose of their stock, so that after the hour of grace has expired not even the squeal of a pig will be left within the residential section of the municipality.

Rendering a report in conjunction with Engineer H. F. Bourne, Dr. McCallum gave pigs a decidedly black list. He had visited nine sties in Esquimalt and in only four of these were there any pigs, he said. The only clean sties found were those without any pigs at all. The sties harboring pigs were either only "fairly clean" or else offered some other provision of the existing mismanagement, which, he said, was a surprise. He said, "The sties were in a very loose one, drawn in the days when pig-raising was considered a war-time economy that should be open to all."

Pig-raising was a source of never-ending complaints, said Dr. McCallum. Further, the sties in hot-weather bred flies. Flies, in turn, carried disease. Even under the best of conditions a pigsty was a calamity in a residential area, and no man could be so bold as to draw a line and say, "Here the odor stops." The aroma was all-pervading and carried with penetration to quite unexpected distances.

The Council would do well to doom all pigs, he would urge. Hearkening to the advice of the health officer, the Council hardened its official heart and pigs were doomed. The action was unanimous.

License Fees
An hour of its session was devoted by the Council to consideration of a measure to fix the scale of license and permit fees for the production of revenue. The scale planned received a first and second reading, and then the Council went into committee to give more detailed attention to its many provisions.

Following closely on the lines of the Victoria city measure, the by-law provides for permit fees, half-yearly for trades and professions, building and amusement centre licenses and many other classes of business levy.

In many cases the scale remains the same, as suggested now, but in a few instances the rates have gone up. The by-law will be before the meeting at the next regular session for further consideration. A fine of \$50 or distress or imprisonment with or without hard labor is provided in the penalty clause common to by-laws.

Miscellaneous Matters
Dealing with general business, the Council voted to pay \$19 due to the Good Roads League of British Columbia and agreed to its convention meeting in Vancouver prior to the meeting of the Union of British Columbia Municipalities.

A project for insuring the safe in the Municipal Hall at a cost of \$825 per \$1,000 against the depredations of burglars will be investigated by Municipal clerk Pullen, with power to act.

**ESQUIMALT ALARMED
BY FIRE MENACE**

**No Cut Rates On Insurance As
Esquimalt Without Muni-
cipal Water**

The paradox of owning a combination chemical and hose-reel fire engine and being powerless in the case of a fire forced itself on the attention of the Esquimalt Council in session last night, with Reeve Lockley in the chair. While a grass fire raged its way along one section of the municipality, intimidated the Reeve, the police were conducting a raid in another; thus the fire engine recently was without a crew to man it, and the fire call went unresponded.

In the morning of the same day, the Reeve explained, Chief Dawley and two constables, in the role of fire marshal and firemen, fought flames in another part of the municipality when the engine was found of the greatest use; but later in the day the call of the law exacted a prior claim on the service of the Chief of police and his men. All three vent on a liquor raid. It was at that precise moment the second fire alarm of the day was turned in.

Another source of danger was seen by the council when a report from Fire Marshal Dawley explained that unless 600 feet of additional hose be acquired the fire department would be out of commission after every fire while it dried its original lines.

A bumper for the fire wagon, a painted fire axe, and six pairs of oil-skin trousers were also required, said the report. Explaining the last item the Reeve intimated that in fighting the first fire with the new engine the two police constables had the misfortune to spoil their uniforms from the fresh tar on the road adhering to the hose. The Fire Marshal also asked for a permanent driver.

All this was referred to the fire and light committee with a recommendation for immediate investigation and report to the council. Councillors Messrs. Nicol and Dent, the committee, will investigate and report.

On a similar question the council received a reply from the first fire insurance company asked as to a new low rate for Esquimalt now that the fire engine had been secured. No low rate could be given, it said, for though the municipality had a fire engine it did not own its own water supply. The company, however, promised to take the matter under advisement to see what could be done.

**OVERHEAD SIGNS HERE
WORRYING ALDERMEN**

Charges that there was unfairness in the recent prosecution of the Western Canada Radio Supply Company for erecting a sign not according to city by-laws stirred the city council last night. City Building Inspector James Barff was instructed to report on the whole question of overhead signs.

"There is something funny about the whole thing when one company is picked out like this," said Alderman Dewar.

The Mayor said it seemed strange that business men were bothered in this way when there were many signs like that of the Radio Company elsewhere in the city.

THOROUGH METHODS
The Government official in charge of farm products had instructed the farmer to collect his stock of every description and have them branded.

"I suppose that's all right," sighed the farmer, dolefully, "but, honest, mister, I'm going to have a deuce of a time with them bees."

Crisp, Crunchy, Delicious

Grape-Nuts is the most highly concentrated cereal food made. With cream or milk it is a perfect food—a healthful, supremely delicious dish.
